understood and a story like no other poured forth This will be the best sailing adventure you will ever read and quite possibly the best book you will read for years to come The greatest fiction can not match the adventures and life of Frank Guernsey Humans The handle of my precious watermaker stopped in my hands My eyes strained at the black speck on the gray watery horizon The misery from the open saltwater sores I sat on winked out As I switched on my video recorder my only companion since I set sail I repeated Humans After all these months alone I glanced at my watch It was January 2 10 a m **Boater's Book of Nautical Terms** David S. Yetman,2000-09 After years of writing award winning articles for major boating magazines David S Yetman had compiled over one thousand nautical terms and phrases every boater should know The next logical step writing an excellent reference book containing these terms and phrases This book contains the phonic pronunciation for the appropriate entries and many illustrations to further explain the text During the past several hundred years the boating community has developed a language all its own This book is not intended to list every obscure term but it will give the reader a broad cross section of those which arise in the course of boating Most people use at least a few of these terms or phrases in everyday conversation without realizing their nautical nature The first entry in the book is a prime example we are taken aback by an unmanageable condition Sometimes we take a sounding to see how much leeway we have and grant a wide berth to those who may be off course Reading a boating related magazine or having a conversation on the dock will be much less puzzling after reviewing the entries in this book Regardless of your familiarity with boats you will find this to be an excellent reference tool to add to your boating library Enjoy the knowledge Illustrated *Cruising World* ,1987-01 *The Pacific Crossing Guide* Michael Pocock,Ros Hogbin,2013-08-04 The Pacific Crossing Guide is a complete reference for anyone contemplating sailing the Pacific in their own boat From ideal timing suitable boats routes methods of communication and provisioning to seasonal weather departure and arrival ports facilities likely costs and dangers the comprehensiveness of this new edition will both inspire dreamers and instil confidence in those about to depart This is the definitive reference on the subject relied upon by many thousands of cruisers The definitive work on Pacific crossings *Cruising* A magnum opus of excellence Flying Fish *The Syren & Shipping Illustrated* ,1907 *Cruising World* ,1988-01 **Power Boating** ,1927 *Yachting* ,1926 *Rudder* Thomas Fleming Day,1915 **The Rudder** Thomas Fleming Day,1929 **The Reader's Digest** ,1927 **One-design & Offshore Yachtsman** ,1965 *Swimming for Beginners:* Jonathan K.
