about writing This emphasis translates into more than 500 sets of exercises more than 100 optional workshop activities and an Appendix covering special problems in the acquisition of English The exercises in this textbook embody our belief that practice is crucial to improving one's writing skills Accordingly this text provides practice in forming ideas in getting ideas out of one's head and onto paper in experimenting with various sentence structures in order to achieve clarity in following models of correct grammar and effective style and in making the writing process pay off through effective revision and editing A Collegiate Press book *Essential Writing Skills for College and Beyond* C.M.
