Alexandra's Awakening Caroline Clemmons,2019-04-22 A wealthy woman forced to change a heroic sheriff standing his ground the danger that unites them Alexandra Novak has been raised in wealth and is used to having whatever she wishes Her parents have spoiled her and she d begun to believe it her right A fire that destroys her family home and almost costs her mother s life starts Alexandra to rethink her values When her father s revelation shatters her world she is determined to do whatever necessary to make her father happy even if it means being nice to that girl he s brought into their home Virgil Witt is the best sheriff Pearson Grove has had Under his leadership crime is at an all time low He has reconciled himself to the fact that he is destined to live alone except for his dog Maybe that s best since his job is a dangerous one He can t understand why Alexandra chases him especially not after he s explained he has no money When danger strikes the Novak family can Virgil solve the problem in time Can Alexandra convince Virgil she has changed Can the two of them work together or will her need for the best resurface *Wild Power* Sjanie Hugo Wurlitzer,Alexandra Pope,2017-04-04

Unprecedented insight into the feminine body and on using its natural rhythms to heal find balance and reconnect to our emotions Your power lies in the rhythm of your menstrual cycle Connect with your body on a deeper level to find healing balance and wholeness The menstrual cycle is a vital and vitalizing system in the female body yet our understanding of and respect for this process is both limited and distorted Few women really know about the physiology of their cycle and many do not see it as an integral part of their health and wellbeing let alone as a potential guide to emotional and spiritual empowerment *Wild Power* tells a radical new story about feminine power It reveals Your inner architecture and the path to power that is encoded in your body How to tune in to the rhythm and changes of your menstrual cycle to realize the fullness and beauty of your authority Three maps to guide you through the energies tasks and challenges presented as you journey through each cycle How to work with your Inner Seasons to pace your energy calm your nervous system and gain insight into your overall wellbeing How to work with your cycle to channel spiritual forces affirm your expression in the world and achieve a deep sense of belonging Written with humour tenderness and practicality and packed with women s stories and quotes throughout *Wild Power* will restore women to wholeness and reinstate the full majesty and grace of the Feminine

Lilika Nakos Deborah Tannen,1983 A critical biography of Lilika Nakos and her works **Alexander** Klaus Heinrich Thomas Mann,2023-12-17 A sweeping tale of ambition conquest and the elusive nature of utopia Klaus Mann s Alexander reimagines the life of Alexander the Great exploring his relentless pursuit of power and the personal sacrifices he makes along the way Set against the backdrop of ancient Macedonia and Persia this historical novel delves into Alexander s complex relationships his utopian ideals and the corrupting influence of absolute authority Discover a world of clashing empires and timeless questions about leadership legacy and the human cost of greatness Perfect for readers of historical fiction and those

fascinated by the life of Alexander the Great this early work from Klaus Mann offers a thought provoking exploration of power and its consequences *Alexander of Terra* Christopher L. Anderson,2010-08-06 Alexander Thorsson is a frustrated ex football player and a cashiered Air Force officer now living life out of a suitcase as an airline pilot He always thought he'd amount to something more than the people of the galaxy think so too The Galactics have watched Humans for thousands of years Humans are the most physically powerful most adaptable and most brutally brilliant sentients in the galaxy However when Alexander the Great boasted that his conquests would continue Even to the everlasting and innumerable stars the Galactics took him at his word They live in constant fear that someday Alexander will rise again and lead his legions to conquer the stars Everyone knows this except Humans and Alexander Still the exotic and masterful Nazeera of Chem kidnaps Alexander from Terra and sentences him to death on the fantastic prison planet of Pantrixnia That should have been the end of Alexander but somehow he refuses to die quietly given one final chance at destiny Alexander forges ahead and becomes the legend everyone was afraid of Galactic conspiracy revolves around him splintering the Galactics into factions vying to ally with Alexander negotiate with him or to destroy the threat of Alexander and Earth for all time Earth is caught between its own brutal history and the reality of its insignificance only Alexander can save his planet from destruction and save the Galactics from destroying themselves The Course of Russian History, 5th Edition Melvin C. Wren,Taylor Stults,2009-01-08 Now in its fifth edition this definitive history of the Russian land and people builds on its success as a fascinating survey of two thousand years of struggle to harness vast resources and talents into a powerful and cohesive nation From its beginning as a savage and exotic land Russia underwent a complex evolution of political social and religious forces the barbarism of its internal conflicts in seeming contradiction with its goals to advance in the realms of technology art education and high culture From the conflicts of the fantastically wealthy ruling class to the poor and oppressed masses emerged the Communist party and the enigmatic figures whose charismatic manipulation of political power reflected the myriad rulers before them Finally as the modern world watched this great entity collapsed in a devastatingly brief time millennia of precarious conflict proving too much for the tenuous coalescence of twentieth century politics Written in an engaging and accessible style this text presents students with a comprehensive look at the momentous events and legendary figures which helped shape Russia's turbulent history **Great Plains Quarterly**,2010 **Root Narrative Theory and Conflict Resolution** Solon Simmons,2020-01-30 This book introduces Root Narrative Theory a new approach for narrative analysis decoding moral politics and for building respect and understanding in conditions of radical disagreement This theory of moral politics bridges emotion and reason and rather than relying on what people say it helps both the analyst and the practitioner to focus on what people mean in a language that parties to the conflict understand Based on a simple idea the legacy effects of abuses of power the book argues that conflicts only endure and escalate where there is a clash of interpretations about the history of institutional power Providing theoretically complex but easy to use tools this book offers a

completely new way to think about storytelling the effects of abusive power on interpretation the relationship between power and conceptions of justice and the origins and substance of ultimate values By locating the source of radical disagreement in story structures and political history rather than in biological or cognitive systems Root Narrative Theory bridges the divides between reason and emotion realism and idealism without losing sight of the inescapable human element at work in the world s most devastating conflicts This book will be of much interest to students of conflict resolution peace studies and International Relations as well as to practitioners of conflict resolution The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license
