Digging In Dark Places:

The Dark Places of Business Enterprise Pietro Frigato, Francisco J. Santos-Arteaga, 2019-04-05 This book considers Thorstein Veblen's central preoccupation with the dark places of business enterprise an integral part of the old institutional economics Combining the contributions made by Karl William Kapp and Philip Mirowski it proposes the systematization of an adjoined institutional theory of social costs of business enterprise useful for the analysis of contemporary crises The Dark Places of Business Enterprise explores the research potential of the theory of social costs for the analysis of actual business behavior in the current globalized privatization regime It begins with a detailed outline of Veblen's critique of business enterprise and market competition before illustrating the methodical enrichment of this approach through Kapp's work Finally it concludes by proposing the integration of the Veblenian Kappian approach with Mirowski's theory of markets and business doubt manufacture The resulting theory of social costs will shed light on the ubiquitous business control of society under the now dominant computer based technological infrastructure This interdisciplinary foundation of the theory of social costs encompassing knowledge from computer science and engineering to natural sciences provides the tools required to analyze this great transformation

Digging Deep Kristin Gault, 2025-01-27 We All Go Through Hard Times There are times where we feel so overwhelmed by the circumstances surrounding us that we don't see how we can keep moving forward We wonder if we will make it We wonder if we are alone in our struggle We wonder if God is aware of what we are going through Is he really a faithful God who follows through on his promise of providing for our every need Sharing about her family's survival through a destructive ice storm to trekking a two hundred mile trail to teaching students with visual impairments Kristin takes her readers on a journey A journey where she shows them how to dig deep through insurmountable challenges and find treasures in the seemingly dark places of life These treasures bring hope and encouragement They are meant to be passed on They are meant to show us that we are not alone and that in the midst of life's trials there is a God who sees and cares for us

Digging for Diamonds Cathy Madavan, 2015-03-09 With humour and characteristic honesty Cathy Madavan helps us to discover some treasures of real worth in the midst of our sometimes messy and occasionally crazy lives Cathy encourages us to dig a bit deeper to search those gems out and to polish them up allowing God's truths to crystallise in our lives so that our identity character and purpose are formed into something beautiful and strong The treasures of God's wisdom are there to be found Pick up your shovel let's dig In this gem of a book Cathy not only warmly encourages us to revel in who we really are but also cleverly provides a practical aid to help us do so Which is why I can't recommend Digging for Diamonds enough Diane Louise Jordan radio and TV presenter

The American Labor Monthly, 1923 [Grace in the Dark Places](#) Jim Turner, 2010-05 Why are people drawn to alternative religions that deviate from the norm of Christian beliefs Why do they stay What compels them to cling to a false dogma even in the face of evidence that their beliefs are in error Why do they engage in scriptural gymnastics in defense of beliefs that have no grounding in Christian theology Why do they

tolerate abusiveness from charismatic leaders and cede personal freedom Why are they willing to defend these leaders and their institutions to the bitter end After a lifetime of spiritual incarceration Jim Turner began studying the cult mentality in order to better understand his actions He researched religious cults and their practices and traced their teachings throughout history as they found their way into the New Religions His studies have convinced him that there is indeed nothing new under the sun New Religions offer amended ideas that identified past cults Modern cults have extracted beliefs from past groups and added a spin that presents them as original and of course inspired Psychological manipulation plays a significant role in the development and continuation of modern cults but Jim Turner has presented a convincing argument that the psychological condition and willingness of cultists to surrender their freedom to cult leaders and their irrational tendencies to elevate a revered leader to a semi divine level are equally responsible for the advancement of cults Follow the author through the early stages of cult indoctrination the personal abuses he experienced at the hands of the cult his personal choices as he rose through the ranks of the cult and his eventual enlightenment to the deceptiveness of the cult led by Herbert W Armstrong Walk with him out of the darkness of cultic deception into the glorious light of the Grace of God through Jesus Christ
