## **Dusty Answer:**

*Dusty Answer* Rosamond Lehmann, 1927      *Dusty Answer* Rosamond Lehmann, 2024-03-18 Judith Earle a solitary and sensitive young woman navigates the turbulent waters of love friendship and self discovery in Rosamond Lehmann's evocative debut novel *Dusty Answer* Set against the backdrop of the early 20th century Judith's journey unfolds within the confines of her idyllic riverside home and the hallowed halls of Cambridge University Her life becomes intricately entwined with the enchanting Fyfe cousins whose presence ignites her passions and shapes her understanding of intimacy and betrayal Lehmann masterfully captures the poignant transition from innocence to experience exploring themes of unrequited love the search for identity and the elusive nature of happiness As Judith grapples with the complexities of her emotions and the shifting dynamics of her relationships readers are invited into a richly textured world where every glance and whispered word carries profound significance *Dusty Answer* resonates with contemporary readers through its timeless exploration of the human heart and its yearnings reminding us that the quest for connection and meaning is a universal and enduring pursuit

*Dusty Answer* Rosamond Lehmann, 1984      **The Nation and Athenæum**, 1927      *Women's University Fiction, 1880-1945* Anna Bogen, 2015-10-06 The rise of the middle classes brought a sharp increase in the number of young men and women able to attend university Developing in the wake of this increase the university novel often centred on male undergraduates at either Oxford or Cambridge Bogen argues that an analysis of the lesser known female narratives can provide new insights

**Women's University Narratives, 1890-1945, Part II** Anna Bogen, 2017-11-20 The years 1890-1945 saw an unprecedented outpouring of fiction focused on British university life much of it reflecting the drastic change that had swept through the higher education system in the late nineteenth century Among these narratives a significant subgroup focused on the lives of women students newly admitted to the structures of higher education system their presence still stridently and sometimes even violently opposed especially at Oxbridge These novels and short stories collected here largely unknown today were widely discussed and debated in the public sphere during the early twentieth century contributing not only to the formation of public knowledge and opinion about education through cultural figures like the Girton Girl or the undergraduette but also sparking debate about many wider social and cultural issues from the place of the women writer in the literary scene to the emergence of new discourses around psychology and the body The majority have not been reprinted since their original publication and until now have been rarely available to scholars The publication of *Women's University Narratives 1890-1945* therefore provides a major new resource for scholarship in many areas including women's studies educational history and literary and cultural modernism

**Rosamond Lehmann and Her Critics** Wendy Pollard, 2017-11-28 This study of contemporary and later critical responses to the work of the novelist Rosamond Lehmann 1901-1990 offers an original approach to twentieth century literary history by foregrounding the cultural and commercial fields in which Lehmann's writing was situated Wendy Pollard examines the effect recent developments in literary theory and

movements from modernism to feminism have had on Lehmann's literary reception. She also considers the interpolation of a damning third category between the and popular culture namely middlebrow a widening gender divide in readership controversies within book reviewing changes in the publishing world and the introduction of popularist means of book marketing. While considering the general privileging of male authors from the 1920s to the 1950s, Lehmann's most prolific period, Pollard argues that her novels have been unfairly subjected to specific forms of neglect and their exclusion from many academic comparative studies is due to a diversity of form and content that can also be considered their strength.

*Rosamond Lehmann* Judy Simons, 2011. This book locates Lehmann's fictional achievement in the context of her times and in particular describes its positioning within the turbulent period between two world wars and the changing aesthetic of modernity.
