## **Circus Of Fear:**

Gauntlet of Fear David Cargill, 2012-11-01 When Professor Giles Dawson historian of magic and the great illusionists visits the Circus Tropicana wintering at a former RAF airfield in Devon he is not there to be entertained He is there at the request of the circus boss Ramon Mordomo Ramon Mordomo has experienced a series of disasters at the circus which appear to be the work of someone trying to force him to give up the circus he loves making him run the Gauntlet of Fear Once Giles has been introduced to the list of suspects he witnesses a number of so called accidents which any one of the suspects could have caused He then receives some cryptic messages which only add more mystery to the puzzle Things turn deadly when an accident in the ring turns out to be murder watched by hundreds of spectators The attempt to solve the riddle leads Giles to York where the circus opens the season and where a second murder is committed in a locked room A murder which is so bizarre that supernatural influences might have to be considered As Giles begins to solve the riddle he realises he can't prove his suspicions So he calls together all the suspects and plays a magic trick a trick designed to lure the culprit into a deadly confrontation
