**Die Zähmung unserer Haustiere** Anton Barański, 1884, **Monatsschrift Für Das Deutsche Geistesleben**, 1909  
**Become Who You Are** Hedwig Dohm, 2006-01-01 Hedwig Dohm 1831 1919 was a thinker and writer significantly ahead of her time She championed women s rights in Germany and criticized with acerbic wit the social political and familial inequities inherent in gender relationships at the time of the first wave of the women s movement Her novella *Become Who You Are* is about a woman Agnes Schmidt whose husband has died and who is grappling with finding an identity for herself as an aging widow reflecting the restrictions imposed especially on aging widowed women who often yearn for a life and identity of their own Also included here is the English translation of Dohm s essay *The Old Woman* which is a compelling call for women to resist the social intellectual psychological and physical restraints placed on women of Dohm s time

*Periagoge - Theory of Singularity and Philosophy as an Exercise of Transformation* Guido Cusinato, 2023-11-07 This book returns to the question at the center of our existence a question that the narcissistic culture in which we are immersed systematically tends to remove Why The underlying thesis is that the answer must not be sought in success or social recognition but in a fragment of truth hidden somewhere inside each of us which reveals itself only if we detach ourselves from our ego and its certainties It is not therefore a matter of finding yet another philosophical theory of the meaning of existence but rather of shedding light on the conditions under which such meaning can emerge The author shows us that the ultimate source of our existential orientation lies in the affective sphere and that the current crisis of orientation is derived from the atrophy of the process of affective maturation on a large scale and from a lack of knowledge and experience about which techniques are best to reactivate it We are like glowworms that had once unlearned how to illuminate and have since begun to hover around the magic lantern of the ascetic ideal already criticized by Nietzsche and then around neon advertising signs We are glowworms that have forgotten that we have within our own affective structure a precious source of orientation The basic thesis is that this source of orientation can be reactivated through the care of desire and practices of emotional sharing
