## **A Weather:**

*Life is Like a Weather Forecast ( A Storm Chaser Looks at Life's Storms )* G. Thomas Windsor,2010-12-20 In this book storm chaser Tom Windsor explores weather forecasting and how it relates to life He also tells of his experiences chasing some of the largest storms on earth from a safe distance most of the time Sooner or later we all seem to catch a glimpse of a perfect storm on the horizon Time to take a second look at one s life forecast and hold on to an umbrella

**Setting Up a Weather Station and Understanding the Weather** Roger Brugge,2016-07-31 This fascinating and well illustrated book which is packed with valuable information and advice provides a complete guide to observing recording and understanding the weather and to setting up an amateur weather station As the author explains the advent of relatively modern electronic weather sensors means that weather observing is now within the reach of almost everybody Moreover thanks to computer software and the internet it is easier than ever before to record and share with others your weather data and observations The book considers why it is useful and interesting to set up a weather station and observe the weather and outlines many different types of weather It explains how to get started and describes the instruments that are available to the amateur meteorologist It further demonstrates how good observations can be made using some simple instruments or in some instances no instruments at all It discusses clouds snow wind optical phenomena thunder dust ash and hail and examines atmospheric pressure precipitation thermometer screens air temperature and humidity soil and surface temperatures and evaporation It covers sunshine and solar radiation and also local weather and climate and includes a valuable chapter on instrument and computer software suppliers Essential reading for all those with an interest in observing and understanding the weather and superbly illustrated with 132 colour photographs and 20 charts graphs
