J. Galantin, 1997-05 Offers an insider s account of the development of the ballistic missile submarine and a lifelong love affair with submarines *Mars Adapting* Francis Hoffman, 2021-03-15 As Clausewitz observed In war more than anywhere else things do not turn out as we expect The essence of war is a competitive reciprocal relationship with an adversary Commanders and institutional leaders must recognize shortfalls and resolve gaps rapidly in the middle of the fog of war The side that reacts best and absorbs faster increases its chances of winning Mars Adapting examines what makes some military organizations better at this contest than others It explores the institutional characteristics or attributes at play in learning quickly Adaptation requires a dynamic process of acquiring knowledge the utilization of that knowledge to alter a unit s skills and the sharing of that learning to other units to integrate and institutionalize better operational practice Mars Adapting explores the internal institutional factors that promote and enable military adaptation It employs four cases drawing upon one from each of the U S armed services Each case was an extensive campaign with several cycles of action counteraction In each case the military institution entered the war with an existing mental model of the war they expected to fight For example the U S Navy prepared for decades to defeat the Japanese Imperial Navy and had developed carrier based aviation Other capabilities particularly the Fleet submarine were applied as a major adaptation The author establishes a theory called Organizational Learning Capacity that captures the transition of experience and knowledge from individuals into larger and higher levels of each military service through four major steps The learning change cycle is influenced he argues by four institutional attributes leadership organizational culture learning

mechanisms and dissemination mechanisms The dynamic interplay of these institutional enablers shaped their ability to perceive and change appropriately

Admirals of the World William Stewart, 2014-11-26 This work provides biographies of more than 500 men and women who have served as admiral vice admiral or rear admiral While officers from the U S British French and Japanese navies make up the bulk of the work officers from 22 countries including Australia Canada Germany India Italy the Netherlands Russia and Spain are also included The main criterion for inclusion is that each person must have actively served in the rank of at least rear admiral but not necessarily in enemy action This effectively rules out people who were granted the rank on retirement as a courtesy title or posthumously The book also includes lists of admirals organized by nationality and by year of birth

The Dragon Within The Dragon, 2024-09-30 I as author of this book The Dragon with in has tried to bring to life the reality of things that happens every day somewhere around the world This is an adult book not meant for children under the age of eighteen years old All names were picked at random I do not wish to harm or embarrass any one but if your name matches

any of the characters in this book I hope its one of the better characters in my book but other than that I can only apologize This book is not meant for everyone because of language throughout the book it has adult comedy it has tear jerkers it has war in it it has young lovers and explicit sex dialog in it and some of the dialog was even embarrassing for me to write This book has rape killing and murder in it It also has a comedy with adult dialog commercial in it This book is not just about kings queens and dragons it also about a farm and the people who live on it during the time of the dragon I hope all who read this book enjoys it as much as I enjoyed writing it and I thank all of you who reads this book Simply signed by The Dragon
