War Expenditures: Aviation. 3 v United States. Congress. House. Select Committee on Expenditures in the War Dept, 1919 *Beethoven, Then and Now* Fred Gaertner, 2014-09-30 I have often heard people express their wish that someone who has died would return to us and relate what the life death rebirth experience is really like Well someone has This is exactly what Beethoven does in my third novel *Beethoven Then and Now* Like Beethoven each one of us is the proud possessor of a human soul This clearly defined object is none other than our very own spiritual subelectron Our physical hulk is only a pile of ashes but our soul spiritual subelectron is unique eternal indestructible Because of its high vibrations Beethovens soul is immediately attracted to the third subelectronic ring of our First Second Order universe Here it awaits rebirth via fusion with the spiritual subelectron of a Major Order being within our Second Order Major universe Paul Rezler age seventeen is the fortunate recipient of this unbelievable prize He had awakened to the day at hand with his usual zero interest in music Now 1827 Earth time he is the greatest Earth musician yet to live Try as Beethoven does he cannot adjust to the Second Order reality of corporate composers not even to being the absolute leader of the Beethoven Corporation He must be entirely on his own a single man vs the world Counselor Robinson does his best in selecting a Subsidiary culture which contains a Vienna as close as possible to the one which Beethoven had left behind upon his Earthly death Within a month our hero makes his translation and enjoys living where theres not the trace of anything resembling a musical corporation Sketches for new third period works begin to flow a piano sonata a string quartet a piano trio a violin concerto even some encouraging vibrations of Symphony 10 A handful of piano and violin students emerges including an exceptional young lady named Anna Rosecranz who is already a master of these instruments Her musicianship is so strong that they soon fall in love and are married How they enjoy performing concerts together In time as Beethoven works at his composers desk she starts peering over his shoulder She begs him for lessons in composition He replies I compose and AM NOT a teacher of composition This declaration does not frighten her away As Beethoven fumbles and bumbles his way from sketchbook to finished score Anna carefully watches each step of the process Her comments are invaluable Use a pedal point here Not so dissonant a chord Pure melody would fit here Please not so sustained Too many notes in the melody Avoid more of this rhythm Two voice counterpoint would do Too much for the brass here This use of strings is perfect Thanks to Anna Beethoven accomplishes the impossible He realizes that he works far better with her help than without it He now loves to share the very process which only yesterday had demanded his total aloofness As if by magic he is now prepared to return to Major Order life as managing partner in charge of the Beethoven Corporation But considering all that Anna has done for him he cannot now simply go his own way As a Subsidiary being her lifespan is a mere 100 years compared to his Second Order Major span of 1000 years Being happily married he plans to share life for the balance of her days But Fate has his own plan for their lives After all their years of loving and sharing Anna is killed in an automobile accident When Beethoven returns to

the Major Order a super surprise awaits him There stands Anna Rosecranz a full Major Second Order being with whom he can share the rest of their 1000 years in joyful creative activity His first question On Earth who were you my dear Her reply causes our hero to faint for the second time in his entire Second Order life **Government Gazette** New South Wales,1908
