

# What are Biographical Research Methods?

A specific type of qualitative research “which uses stories of individuals and other ‘personal materials’ to understand the individual life within its social context” (Roberts 2002:3).

# Biographical Research

**Rev. Frederick W. Briggs**

## **Biographical Research:**

**SAGE Biographical Research** John Goodwin, 2012-06-25 Biographical research may take a range of forms and may vary in its application and approach but has the unified and coherent aim to give voice to individuals The central concern of this collection is to assemble articles from sociology social psychology education health criminology social gerontology epidemiology management and organizational research that illustrate the full range of debates methods and techniques that can be combined under the heading biographical research Volume One Biographical Research Starting Points Debates and Approaches explores the different biographical methods currently used while locating these within the history of social science methods Volume Two Biographical Interviews Oral Histories and Life Narratives focuses on the more established interview based biographical research methods and considers the analytical strategies used for interview based biographical research Volume Three Forms of Life Writing Letters Diaries and Auto Biography considers the value of data contained within letters diaries and auto biography and illustrates how this data has been analyzed to reveal biographies and their social context Volume Four Other Documents of Life Photographs Cyber Documents and Ephemera focuses on the other human documents and objects like photographs cyber documents emails blogs social networking sites webpages and other ephemera such as official documents that are used extensively in biographical research *Biographical Research* Ana Caetano, Magda Nico, 2022-03-30 Studying people's lives requires acknowledging the multiple entanglements between individual singularity and processes of social patterning This book testifies how challenging and creative the study of these connections can be It gathers international contributions that show in imaginative ways how a person's life or specific domains of existence can be observed tackled and analysed across time This volume reveals the potential of biographical research in the production of social theory in the development of methodological innovation in giving voice and protagonism to people and in the understanding of the social unfolding of their lives It is a testimony of a vibrant and youthful field with a long tradition in social sciences and with numerous connections with other study areas namely the life course approach The different chapters illustrate how the challenges posed by this type of research focused on the individual level of analysis are particular and what creative responses are required to continue analysing the link between biography and society The chapters in this book were originally published as a special issue of the journal Contemporary Social Science

*Biographical Research* Brian Roberts, 2002 This book considers the methodological and theoretical questions associated with the use of life stories oral histories personal narratives autobiographies and biographies as they are incorporated into sociological ethnographic and narrative studies The collection and interpretation of materials the uses of biographical research the interview relationship the construction of the story memory and audience are all considered Roberts teaches sociology at the University of Huddersfield The book is distributed by Taylor and Francis Annotation copyrighted by Book News Inc Portland OR Qualitative Research Practice Clive Seale, 2004-02-28 Aimed at the student reader this book

demonstrates the benefits of using particular methods from the viewpoint of real life experience It contains chapters written by leading internationally distinguished qualitative researchers who recount and reflect on their own research experiences as well as others

**Biographical Life Course Research** Ann Nilsen,2023-12-13 This open access book explores an approach that connects individual and societal processes throughout history and shifting trends in sociological perspectives influenced by C Wright Mills theories of time and temporality It traces its origins from American pragmatist thought and Chicago qualitative sociology in the early 20th century to the revival of biographical research in European and American sociology during the 1970s The book shows empirical studies from this vibrant research approach can bridge methodological gaps between qualitative and quantitative biographical studies applicable to various topics like class gender ethnicity and intergenerational dimensions

**Biographical Research Methods** Marta J. Eichsteller,Howard H. Davis,2022-05-04 Biographical data provide unique insights into social life but they also pose some significant challenges for social science researchers This book offers a systematic flexible guide to using biographical narrative methods in your research project Drawing upon the authors own research as well as case studies from a range of international contexts and disciplines the book illustrates how biographical approaches can be tailored to different research questions and environments This book will help you to Navigate any complexities or missteps when undertaking real world research Apply your analytical and research tools to your research question Choose the right research design for your project whether single or mixed methods Ground your understanding within diverse real world research examples Clear adaptable and applied this is your definitive guide to working with biographical methods

**The Biographical Turn** Hans Renders,Binne de Haan,Jonne Harmsma,2016-09-13 The Biographical Turn showcases the latest research through which the field of biography is being explored Fifteen leading scholars in the field present the biographical perspective as a scholarly research methodology investigating the consequences of this bottom up approach and illuminating its value for different disciplines While biography has been on the rise in academia since the 1980s this volume highlights the theoretical implications of the biographical turn that is changing the humanities Chapters cover subjects such as gender religion race new media and microhistory presenting biography as a research methodology suited not only for historians but also for explorations in areas including literature studies sociology economics and politics By emphasizing agency the use of primary sources and the critical analysis of context and historiography this book demonstrates how biography can function as a scholarly methodology for a wide range of topics and fields of research International in scope The Biographical Turn emphasizes that the individual can have a lasting impact on the past and that lives that are now forgotten can be as important for the historical narrative as the biographies of kings and presidents It is a valuable resource for all students of biography history and historical theory

**Biographical Research and New Social Architectures** Lyudmila Nurse,Maggie O'Neill,Lisa Moran,2024-04-23 This volume focuses on the place of biographical research in social futures and its creative applications in the new unprecedented societal circumstances caused

by the COVID 19 pandemic      **Biography and Education** Michael Erben,2005-08-12 Over recent years biographical studies have gained an increasingly important place in academic study The two are inextricably linked Education uses biography in teaching and in biography education features strongly as a formative stage in personal development This book elaborates on the analytical work that has drawn attention to biography and education and seeks to expand the understanding of lives in educational contexts Mainstream sociology has been quick to embrace this treatment of individuals as biographical appearances but it is even more relevant in the field of education      **The Routledge International Handbook on Narrative and Life History** Ivor Goodson,Ari Antikainen,Pat Sikes,Molly Andrews,2016-10-04 In recent decades there has been a substantial turn towards narrative and life history study The embrace of narrative and life history work has accompanied the move to postmodernism and post structuralism across a wide range of disciplines sociological studies gender studies cultural studies social history literary theory and most recently psychology Written by leading international scholars from the main contributing perspectives and disciplines The Routledge International Handbook on Narrative and Life History seeks to capture the range and scope as well as the considerable complexity of the field of narrative study and life history work by situating these fields of study within the historical and contemporary context Topics covered include The historical emergences of life history and narrative study Techniques for conducting life history and narrative study Identity and politics Generational history Social and psycho social approaches to narrative history With chapters from expert contributors this volume will prove a comprehensive and authoritative resource to students researchers and educators interested in narrative theory analysis and interpretation      *Bishop Asbury: A Biographical Study for Christian Workers with a Portrait* Rev.
