Biomedical Discussion Section In Context:

The Biomedical Discussion Section in Context Betty Lou Dubois,1997 This volume focuses on the study of biomedical discussion session It is part of a series of works which seek to provide a forum for the cross fertilization of ideas from diverse disciplines that share a mutual interest in discourse be it construction computer simulation of natural language spoken versus written discourse or other related topics A variety of approaches to the study of discourse are represented including sociolinguistics psycholinguistics ethnomethodology and the study of language educational psychology and computational linguistics

Investigating English Legal Genres in Academic and Professional Contexts Girolamo Tessuto,2013-01-11 This volume contributes to the latest studies in legal discourse studies by presenting a descriptive and interpretive analysis of English legal genres used in academic and professional writing contexts The results of corpora driven data are discussed through meta discourse genre and other theoretical perspectives and offer insights into the ways the writers discursive practices and meanings shape their membership of the legal community and discipline The volume attempts to show these id

Research Genres John M. Swales,2004-11 This book provides a rich and accessible account of genre studies by a world renowned applied linguist The hardback edition discusses today s research world its various configurations of genres and the role of English within the genres Theoretical and methodological issues are explored with a special emphasis on various metaphors of genre The book is full of carefully worded detail and each chapter ends with suggestions for pedagogical practice The volume closes with evaluations of contrastive rhetoric applied corpus linguistics and critical approaches to EAP Research Genres provides a rich and scholarly account of this key area

Annual Review of Information Science and Technology Blaise Cronin,2007 ARIST published annually since 1966 is a landmark publication within the information science community It surveys the landscape of information science and technology providing an analytical authoritative and accessible overview of recent trends and significant developments The range of topics varies considerably reflecting the dynamism of the discipline and the diversity of theoretical and applied perspectives While ARIST continues to cover key topics associated with classical information science e g bibliometrics information retrieval editor Blaise Cronin is selectively expanding its footprint in an effort to connect information science more tightly with cognate academic and professional communities

Southwest Journal of Linguistics ,1999 **Corpus Linguistics in Chinese Contexts** Simon Smith,2015-07-27 Rapid advances in computing have enabled the integration of corpora into language teaching and learning yet in China corpus methods have not yet been widely adopted Corpus Linguistics in Chinese Contexts aims to advance the state of the art in the use of corpora in applied linguistics and contribute to the expertise in corpus use in China

Aspects of Translation José-María Bravo,Moisés Almela,2006 **Cumulative Book Index** ,1998 A world list of books in the English language

The Production of Spoken Discourse George Houghton,1997 This volume focuses on spoken language and its production It is part of a series which provides a forum for the cross fertilization of ideas

from diverse disciplines that share a mutual interest in discourse A variety of approaches to the topic are represented sociolinguistics psycholinguistics ethnomethodology and the study of language educational psychology and computational linguistics

Politeness in Chinese Face-to-Face Interaction Yuling Pan,2000-05-09 This book attempts to bring in the perspective of situational variation in analyzing linguistic politeness and looks at politeness in the larger framework of social context It outlines the way into the problem of politeness in Chinese culture and the steps taken in the application of politeness strategies in verbal interaction Forthcoming Books Rose Arny,1997 **RELC Journal** ,1998 Negation, Text Worlds, and Discourse Laura Hidalgo-Downing,2000-05 This work originates from the need to develop an integrated dynamic model of negation in discourse that is adequate for understanding the role of negation in an extensive and complex piece of discourse Most work on negation is strongly influenced by traditional philosophical problems but little work has been carried out in the area of discourse Approaches to negation within the functional cognitive tradition tend to focus of specific agents of negation its function as a speech act or its cognitive model Few attempts have been made to propose an integrated discourse model studies of negation with few exceptions tend to be limited to brief selections or isolated sentences This book fills the gap in studies of negation in discourse by providing an up to date critical review of the state of the art in negation and by proposing a model that brings together the semantic cognitive and pragmatic features of negation which are crucial for an understanding of its role in discourse

Language Policy and Language Education in Emerging Nations Robert de Beaugrande,Meta Grosman,Barbara Seidhofer,1998 It has long been an assumption in the field of English as a foreign language that those who speak the language as natives pronounce the way it should be taught Most influential figures in the field have been outsiders and the subject has accordingly not been really defined as the teaching of English as a foreign language but as the teaching of English to foreigners quite a different thing This book discusses the designing of programs for learning which will take the different kinds of foreign ness into account Children and Reading Tests Clifford Hill,Eric Larsen,2000-02-22 The increasing reliance of our educational system on standardized tests has precipitated a national debate This debate however has proceeded with little attention to the tests themselves This book makes a scholarly contribution to the debate by using the methods of discourse analysis to examine not only representative material from reading tests but also children s responses to it The book is particularly attentive to the role of culture in shaping children s understanding of what they read

Reconstructing Institutions Agnes Weiyun He,1998 This book examines the use of language in face to face encounters between some university students and their academic counselors It describes the role language plays in shaping institutional role identities in accomplishing institutional tasks and activities and in constituting associated knowledge and affective stances It documents how the academic counselors and student clients do what they do through grammatical and interactional details Put more generally it investigates how certain aspects of institutional life are lived linguistically Methodologically this book focuses on specific lexicogrammatical forms turns sequences and narrative episodes which

constitute the seemingly routine ordinary life of academic counseling It relies on detailed transcripts from audio and video recordings of naturally occurring academic counseling activities knowledge gained from participant observation field notes and interview data to advance a tripartite approach to researching institutional discourse
