### **S. Chandrasekhar Man Of Science**

Radhika Ramnath, 2012-08-20 A must read for those interested in the great man The Times of India I discovered what true mathematical elegance is from Subrahmanyan Chandrasekhar Carl Sagan who studied under Professor Chandrasekhar at the University of Chicago The world knows S Chandrasekhar as a Nobel laureate and an outstanding astrophysicist But he was at the same time a caring uncle a devoted husband and a compassionate brother who made it a point to reach out to everyone around him despite his legendary status This compilation brings out the various facets of the man and the scientist It includes some of his more general essays and lectures in which he lucidly presents his thoughts on the pursuit of science creativity his work and his abiding love for his motherland There are also reminiscences by family members who interacted with him and grew to adore the man who they remember had as beautiful a heart as his handwriting This collection strives to bring to the fore the person that was Subrahmanyan Chandrasekhar and the life he led from his engagement with science to the little anecdotes that illuminated the lives of those around him **S Chandrasekhar - Selected Correspondence and Conversations of Lalitha and Chandra**

Kameshwar C. Wali, 2020-02-06 The correspondence in Chandra's journals revealed in his own words the depth of his pursuit of science as well as his personal struggles and such material is significant for the public to have a deeper understanding of the man behind the legend The first part of the project was completed at the time of the Chandra birth centennial in 2010 with the publication of *A Scientific Autobiography Chandrasekhar* It provided a rare and personal insight into the joys and struggles of a brilliant scientist at work There remained yet a wealth of correspondence that shed significant insight into Chandra's life and this included the correspondence during his days as a student in India and Cambridge his trials and tribulations in the competitive world of British academia his travels to Russia and Germany and his unexpected encounter with Sir Arthur Eddington It also included selected correspondence and conversations with Lalitha his wife of over sixty years These letters and conversations with her reflect her own views of their

life She a student of physics herself eventually gave up her own work in science to become an integral part of Chandra s life As Chandra wrote The full measure of of my indebtedness cannot really be recorded it is too deep and too all persuasive Let me then record simply that Lalitha was the motivating source and strength of my life S. Chandrasekhar Dilip M. Salwi,2004 As a young man he presented a paper on astrophysics that was publicly ridiculed by the eminent astrophysicist A S Eddington However this did not stop S Chandrasekhar from becoming one of the giants of astrophysics and winning the Nobel Prize This is the story of a true polymath whose interests ranged from interstellar galaxies and neutron stars to classical music and English literature Recognised among the greatest astrophysicists of the twentieth century Chandrasekhar till his last day remained a true scientist devoted to his research his students and to sharing his knowledge with the astrophysicist community **New Dictionary of Scientific Biography** Noretta Koertge,2008 Also available online as part of the Gale Virtual Reference Library under the title Complete dictionary of scientific biography **Asian Americans** Xiaojian Zhao,Edward J.W.
