

A close-up photograph of a hand holding a lit candle. The candle is white with a bright yellow flame. The hand is dark-skinned and is holding the candle in a way that the flame is the central focus. The background is dark and out of focus, with several other lit candles visible as soft, glowing bokeh lights. The overall mood is warm and spiritual.

*The Church in the Modern Age* Gabriel Adriányi,1981      **Ireland's Holy Wars** Marcus Tanner,2003-01-01 For much of the twentieth century Ireland has been synonymous with conflict the painful struggle for its national soul part of the regular fabric of life And because the Irish have emigrated to all parts of the world while always remaining Irish the troubles have become part of a common heritage well beyond their own borders In most accounts of Irish history the focus is on the political rivalry between Unionism and Republicanism But the roots of the Irish conflict are profoundly and inescapably religious As Marcus Tanner shows in this vivid warm and perceptive book only by understanding the consequences over five centuries of the failed attempt by the English to make Ireland into a Protestant state can the pervasive tribal hatreds of today be seen in context Tanner traces the creation of a modern Irish national identity through the popular resistance to imposed Protestantism and the common defense of Catholicism by the Gaelic Irish and the Old English of the Pale who settled in Ireland after its twelfth century conquest The book is based on detailed research into the Irish past and a personal encounter with today s Ireland from Belfast to Cork Tanner has walked with the Apprentice Boys of Derry and explored the so called Bandit Country of South Armagh He has visited churches and religious organizations across the thirty two counties of Ireland spoken with priests pastors and their congregations and crossed and re crossed the lines that for centuries have isolated the faiths of Ireland and their history      [British and Irish Women Writers and the Women's Movement](#) Jill Franks,2013-03-08 This study pairs selected Irish and British women novelists of three periods relating their voices to the women s movements in their respective nations In the first wave nationalist and militant ideologies competed with the suffrage fight in Ireland Elizabeth Bowen s *The Last September* illustrates the melancholy of gender performance and confusion of ethnic identity in the dying Anglo Irish Ascendancy class In England suffrage ideologies clashed with socialism and patriotism Virginia Woolf s *Mrs Dalloway* contains a political unconscious that links its characters across class and gender In the second wave heterosexual romantic relationships come under scrutiny Edna O Brien s *Country Girls* trilogy reveals ways in which Irish Catholic ideologies abject femaleness her characters internalize this abjection to the point of self destruction Doris Lessing s *The Golden Notebook* pits the protagonist s aspirations to write novels against the Communist Party s prohibitions on bourgeois values In the third wave Irish writers express the frustrations of their cultural identity Nuala O Faolain s *My Dream of You* takes her protagonist back to Ireland to heal her psychic wounds In England Thatcherism had created a materialistic culture that eroded many feminists socialist values Fay Weldon s *Big Woman* satirizes the demise of second wave idealism asking where feminism can go from here      **Slightly Magical Irish Poetry and the Long 1990s** Lucy McDiarmid,2025-10-31 *Slightly Magical Irish Poetry and the Long 1990s* is a major intervention in the field of Irish literary

studies disrupting conventional divisions and interpretive categories mixing established poets and new ones and including poems in English and Irish McDiarmid argues convincingly for the importance of the ontologically ambiguous or slightly magical mode in recent Irish poetry She brings her wealth of knowledge in the field of Irish literary and cultural criticism to bear on subjects as whimsical as cats railroad reveries and hair and as serious as political critiques of both Irelands during the upheavals of the 1990s Drawing on the author s conversations with the poets themselves the book is written in a style that is witty and learned sophisticated but always accessible **Textures of Irish America** Lawrence J.

McCaffrey,1992-08-01 The textures of the Irish American experience have been manifold greatly influencing this country s economic social and cultural development over the past two centuries Unlike that of many other European immigrants the Irish journey to America was viewed largely as a one way trip They quickly adjusted to America soon becoming citizens and active participants in politics By the end of the 19th century they dominated not only most American cities but also sports especially baseball and many were prominent in show business In this entertaining study of one of America s most engaging and controversial groups Lawrence McCaffrey reveals how the Irish adapted to urban life progressing from unskilled working class to solid middle class Denied power and influence in business and commerce they achieved both through politics and the Catholic church In addition to politicians and churchmen McCaffrey discusses the roles of writers such as Finley Peter Dunne James T Farrell Eugene O Neill J F Powers Edwin O Connor William Kennedy Elizabeth Cullinan Tom Flanagan Thomas Fleming Jimmy Breslin and John Gregory Dunne as well as such film stars as Jimmy Cagney Bing Crosby Grace and Gene Kelly and Spencer Tracy McCaffrey completes the story with a look at the role of Irish nationalism in developing the personality of Irish America and in liberating Ireland from British colonialism The result of some forty years of thinking and writing about Irish American life McCaffrey s Textures will appeal to scholars and general readers alike and may very well become the standard work on Irish America World Catholicism in Transition Thomas M.
