McAuliff, 2002-06-10 This important book broadens our conceptualization of the topic of children and law addressing a wide ranging set of issues in need of attention The authors confront many difficult questions such as Are the rights that our nation s laws ascribe to children commensurate with their capabilities and needs How should laws governing the punishment of crime acknowledge developmental differences between adult and juvenile offenders Throughout the book the authors consider a current laws and policies relating to children b how social science research can test assumptions behind child relevant laws and policies c ways that courts can become more receptive to social science recommendations and d challenges faced in the 21st century as our society continues its struggle to accommodate children s concerns within our legal system With its unique integration of psychological research social policy and legal analysis the volume is an important resource for any professional concerned with children and the law *Children's Rights in Health Care* Jozef H.H.M. Dorscheidt, Jaap E. Doek, 2018-11-26 While coordinating the University of Groningen s Honours College Winterschool Atelier entitled Children s Rights in Health Care the need to publish the contributions to this program was generally expressed and confirmed by its participants The Winterschool Atelier successfully organized in recent years has dealt with many issues concerning the legal position of minor persons born and unborn in the context of health care especially pediatric care These issues involve matters concerning pediatric treatment preventive care and predictive medicine medical research involving children incompetence and child autonomy a child s psychological development parental responsibility and representation protective judicial measures child migration issues children s health rights enforcement as well as children s health interest monitoring and promotion During the program leading experts in the fields of law ethics medicine biology psychology and institutions such as the Dutch Child Hospital Foundation the Child Protection Board Save the Children and UNICEF shared their views on normative standards practical experiences significant developments challenging ideas silent dreams and inevitable realities As a result the Children s Rights in Health Care program provided opportunities for a profound dialogue between Honours College students and lecturing scholars on a wide range of topics involving children s health care interests This volume contains several analyses of health rights issues related to children The various chapters provide an overview of this captivating area and may be of special interest to lawyers health care professionals ethicists psychologists judicial institutions policy makers interest groups students and all others who are concerned with the children s rights perspective on health care Psycho-Legal Concepts for Parenting in Child Custody and Child Protection Vol. 3 Don Tustin, 2024-12-02 This book identifies a number of topics that arise in child protection where

assessments of individual families are required The author opines that it is essential to use structured instruments when making assessments on complex topic about risk to reduce bias and to maximise objectivity The author summarises criteria that are required for an assessment instrument to be viewed by scientists as being objective The book proposes that introducing more objective assessment instruments into the field of child protection will improve the focus and brevity of assessment reports and enable setting of thresholds that distinguish between families who provide good enough parenting from families who should be referred for parenting education and from parents who are unfit parents The author identifies a number of topics that commonly arise in cases where maltreatment of children is alleged reviews literature and proposes checklists that can be used to gather data and to form a basis for developing validated assessment instruments for use in child protection The topics identified are relevant both to therapists as parenting practices can be changed using focused therapy and for legal assessment purposes as topics have been shown to be related to legal concerns about the safety and welfare of children The overall aim of this book is to encourage greater use of scientific assessment approaches in the field of child protection

Handbook of Behavior Therapy in Education S.N. Elliott,F. Gresham,J.C. Witt,2013-11-11 What do we know about behavioral analysis and intervention in educational settings Given that educational institutions were among the first to embrace the new technology of behavior change in the late 1950s and early 1960s it is apparent that we have had the opportunity to learn a great deal The evolution of the field of behavior therapy has witnessed a change in the behavior therapist from an adolescent fascination with repeatedly demonstrating the effectiveness of the new technology to a mature recognition of the complex implications of the behavioral paradigm for individuals systems and society Many facts now taken for granted were considered impossibilities a mere two decades ago In her 1986 presidential address to Division 25 of the American Psychological Association Beth Sulzer Azaroff reviewed a number of changes in attitude in education that were strongly influenced by behavior therapy Most educators now agree that a everyone can learn b complex skills can be taught c precise general and durable performance can be taught and d barriers to learning can be overcome In addition we would add that behavior therapy is being applied to increasingly more complex human problems such as social skill deficits internalizing disorders and dysfunctional systems and organizations

Abnormal Child and Adolescent Psychology Linda Wilmschurst,2017-03-03 Written from a developmental perspective Abnormal Child and Adolescent Psychology is organized around five prominent and recurring themes the course of normal development proceeds in an orderly and predictable direction maladaptive behaviors represent deviations from the normal path maladaptive behavior is represented by a continuum of severity symptoms syndromes disorders based on the degree to which behaviors deviate from the norm individual interpersonal contextual and cultural factors interact in a reciprocal way to influence normal development and abnormal deviations theoretical input from diverse perspectives can guide our understanding of underlying processes that precipitate and maintain behaviors and the different developmental pathways that might result The revision will be divided

into 5 sections all integrating the DSM 5 and will include a new chapter on child maltreatment and self injurious behavior

From Children to Citizens Francis X. Hartmann,1987-06-17 From the preface The issues around which the juvenile justice system is centered frequently evoke anger and impatience These emotions arise because the issues are so important and movement concerning the same issues seems nonexistent The persons who are involved with those same issues however elicit respect and often affection The Executive Sessions of the Kennedy School of Government combine the two elements issues and persons with the stated goal of advancing fruitful and effective public policy The Executive Session on the Future of the Juvenile Justice System regularly brought to the same table over a period of almost two years persons who understand the issues well who are professionally and personally invested in certain positions on the issues and who were willing to engage themselves fully in the exchange of ideas both theoretical and practical which an Executive Session demands This book is one of the products of that process The editor who chaired the meetings of the Session takes certain positions regarding the future of the juvenile justice system and what the system should look like ten years from now 1

Evaluating Competencies Thomas Grisso,1986 As in its first edition this book offers a conceptual model for understanding the nature of legal competencies The model is interpreted to assist mental health professionals in designing and performing assessments for legal competencies defined in criminal and civil law and to guide research that will improve the practice of evaluations for legal competencies A special feature is the book s evaluative review of specialized forensic assessment instruments for each of several legal competencies Three fourths of the 37 instruments reviewed in the second edition are new and thus were not reviewed in the first edition Application of the assessment model and reviews of instruments are provided for six areas of legal competence Competence to Stand Trial Waiver of Rights to Silence and Legal Counsel Not Guilty by Reason of Insanity Parenting Capacity Determination of Child Custody Guardianship and Conservatorship and Competence to Consent to Treatment

Learning Problems & Learning Disabilities Howard S. Adelman,Linda L. Taylor,1992 Taking a broad view of both learning problems and learning disabilities the authors advocate moving the field forward toward comprehensive

teaching approaches that integrate a full range of preventive and treatment interventions The authors place learning disabilities firmly in perspective as only one type of learning problem and focus on what society in general and schools in particular can do about them Both broad in scope and futuristic in outlook the authors emphasize current and evolving assessment and intervention approaches The books unique organization features a four part structure with twenty readings written specifically for this book that cover specific topics in greater depth This ensures that specialized topics such as learning disabilities and basic concepts and information on topics such as assessment are covered but in a way that does not disrupt the main flow of the text Although the readings appear after the main text they can be read at any time that seems appropriate and Read More About It sections throughout the chapters remind students of appropriate readings *Children and the Law* Douglas E. Abrams, Sarah H. Ramsey, 2000 This new casebook provides comprehensive innovative materials on this rapidly developing area of law The casebook emphasizes doctrine policy the ways in which the legal system assesses the role of the child s lawyer Understanding child advocacy practice will help students apply doctrine policy throughout their professional lives The book contains problems comprehensive notes questions to stimulate classroom discussion **Child and Adolescent Therapy** Margaret Semrud-Clikeman, 1995 This comprehensive resource provides a conceptual framework for developing therapeutic interventions with children adolescents and their families from the first contact with parents to termination of therapeutic sessions with the child In this important new book the author develops a model in which every therapist creates a conceptual approach for treatment and utilizes techniques from differing therapeutic arenas when working with clients Chapters cover techniques for interviewing the child diagnosis and case formulation family variables stages of the therapeutic process therapy with children having exceptional educational needs group therapy and professional consultation techniques Tips on developing rapport with parents and teachers help clinicians get interventions off to a good start and report examples help them integrate the history observations and information from the case into a coherent case formulation Clinical Psychologists School Psychologists and Family Therapists A Longwood Professional Book
