Literature and Law, 2016-08-09 In recent years there has been a continuing and persistent world wide interest in the interaction between the two disciplines of law and literature Although there have been many collections of primary texts that combined these two areas this volume presents literary analyses and criticism in an attempt to assess the varied relationships between law and justice between lawyers and clients and between readers perceptions and authors intent hopefully suggesting why they have continually been yoked together One similarity between the two is that lawyers like writers must catch their audience's attention by novelty of scene distinctiveness of voice

and ingenuity of design Furthermore legal advocates must recreate a concrete sense of reality developing vivid and valid pictures of a specific time and place In short both lawyers and writers attempt to provide a basis for juries readers to judge defendants characters by their motivations and their actions and to decide whether a favorable ruling assessment is justified Collectively the essays in this book are designed to deal with themes of guilt and innocence right and wrong morality and legality The essays also suggest that the world as it is delineated by lawyers is indeed a text that like its literary counterparts sometimes blurs the distinction between fact and fiction as it attempts to define truth and to establish criteria for impartial justice By exploring interdisciplinary contexts readers will surely be made more aware more sensitive to the roles that stories play in the legal profession and to the dilemmas faced by legal systems that often succeed in maintaining the rights and privileges of a dominant societal group at the expense of a less powerful one

Incest in contemporary literature Miles Leeson,2018-08-06 This is the first edited collection of essays which focuses on the incest taboo and its literary and cultural presentation from the 1950s to the present day It considers a number of key authors and artists rather than a single author from this period The collection exposes the wide use of incest and sexual trauma and the frequency this appears within contemporary literature and related arts Incest in contemporary literature discusses the impact of this change in attitudes on literature and literary adaptations in the latter half of the twentieth century and early years of the twenty first century Although primarily concerned with fiction the collection includes work on television and film Authors discussed include Iain Banks A S Byatt Angela Carter Simone de Beauvoir Ted Hughes Doris Lessing Ian McEwan Iris Murdoch Vladimir Nabokov Andrea Newman and Pier Pasolini and Sylvia Plath

Renaissance Drama 33 Patricia Parker,2005-07-12 Renaissance Drama an annual and interdisciplinary publication is devoted to drama and performance as a central feature of Renaissance culture The essays in each volume explore traditional canons of drama the significance of performance broadly construed to early modern culture and the impact of new forms of interpretation on the study of Renaissance plays theatre and performance
