Grush,2026-02-24 Two starred reviews The compelling and inspiring Kirkus Reviews starred review true story of America s first female astronauts hailed as suspenseful meticulously observed enlightening by Margot Lee Shetterly 1 New York Times bestselling author of Hidden Figures now adapted for young readers Sally Ride may have been the first US woman in space but did you know there were five other incredible American women who helped blaze the trail for female astronauts by her side When NASA sent astronauts to the moon in the 1960s and 1970s the agency excluded women from the corps arguing that only military test pilots a group women were also aggressively barred from had the right stuff But as the 1980s dawned so did new thinking and six elite women scientists Sally Ride Judith Resnik Anna Lee Fisher Kathy Sullivan Shannon Lucid and Rhea Seddon set out to prove they had exactly the right stuff to become the first US women astronauts In The Six Young Readers Edition acclaimed journalist Loren Grush shows how these brilliant and courageous women fought to enter STEM fields they were discouraged from pursuing endured claustrophobic and often deeply sexist media attention underwent rigorous survival training and prepared for years to take multi million dollar equipment into orbit Told with contributions from nearly all the living participants and now adapted for young readers this book is an inspiring testament to their struggles accomplishments and sacrifices and how they built the tools that made the space program run It s a legacy that lives on to inspire young people today Book Review Digest ,1997

**Space Shuttle** Melvyn Smith,1989 **Third International Conference, Interactive Information and Processing Systems for Meteorology, Oceanography, and Hydrology** ,1986 **I Touch the Future** Robert T. Hohler,1988

On January 28 1986 the world watched in horror as Christa McAuliffe s dream of being the first private citizen in space came to a tragic end Journalist Hohler tells the moving story of a woman s heroic mission and her spirit and courage that won the hearts of millions Why Decisions Fail

(EasyRead Large Bold Edition) ,2002 **The Story of the Space Shuttle** David M. Harland,2004-07-05 In spite of the Challenger and Columbia disasters the US Space Shuttle which entered service in 1981 remains the most successful spacecraft ever developed Conceived and designed as a reusable spacecraft to provide cheap access to low Earth orbit and to supersede expendable launch vehicles serving as the National Space Transportation System it now coexists with a new range of commercial rockets David Harland s definitive work on the Space Shuttle explains the scientific contribution the Space

Shuttle has made to the international space programme detailing missions to Mir Hubble and more recently its role in the assembly of the International Space Station This substantial revision to existing chapters and extension of The Space Shuttle following the loss of Columbia will include a comprehensive account of the run up to resumption of operations and conclude with a chapter beyond the Shuttle looking at possible future concepts for a partly or totally reusable space vehicle which are being considered to replace the Shuttle

*Great Events* Salem Press,2002 This updated eight volume set contains essays that cover the 20th century s most important events With its articles arranged in chronological order this new edition covers a wide variety of events from national and world politics wars civil disturbances disasters crimes business scientific and medical discoveries and breakthroughs and other fields The set s new articles extend the coverage through September 2001 and include stories such as the massacre of the Nepalese royal family by its own crown prince and the terrorist attacks of September 11 2001 and their aftermath The top matter offers a summary description of the event and defines its significance in a brief sentence Following that description is a list of the what when and where who of the event providing readers with the data on the first page of the article The text of each 1000 word article is divided into three subsections the first and second of which detail the event itself and the background to it and the last of which Consequences identifies both the short range consequences and the projected long range impact of the event The chronological arrangement of the articles not only serves as timeline but also casts light on the social political and economic evolution of the world from a collectopn of individual nations to a global community in which developments in one regions have repercussions in others
