Ready, Set, Grow! Lynda Madaras, Linda Davick, 2009-08-18. Ready Set Grow! Young girls before the onset of puberty have a curiosity about their soon to be changing bodies that needs addressing in a simpler way than for their older sisters. In Madaras's proven, trust worthy, friendly voice and style, this entirely new book now brings them the same kind of thoughtful, down to earth information but at a reading and comprehension level that is just right for them. Responding throughout to real life questions and observations from younger girls, Madaras explores the changes that are happening or about to happen to them, including the development of breasts, body hair and body fat, the changes in their reproductive organs, both inside and out, their first period and all the complex feelings surrounding it, the unwelcome appearance of acne and new body odors and perhaps most important, how to respect and celebrate their unique bodies even when the outside world is not always so accepting.
