Child Abuse And The Legal System:

Child Abuse and the Legal System Inger J. Sagatun, Leonard P. Edwards, 1995 This ground breaking text examines the legal contexts in which child abuse can be handled including the criminal juvenile domestic relations and civil courts The authors focus on the legal rules in each type of proceeding and the ways in which the law has changed to accommodate the special needs of the children in the last fifteen years Case studies provide examples and help identify the most important issues of child abuse facing the legal system Child abuse is now a major part of the American legal landscape involving not only the courts but also law enforcement and child protection agencies This is the first text for classroom use to systematically examine the fate of children in the legal system

Child Abuse and the Criminal Justice System Kimberly A. McCabe, 2003 Annotation This book describes physical and behavioral indicators of abuse theoretical explanations of child abuse the characteristics of abusers and responses to child abuse by the criminal justice system BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

Child Maltreatment and the Law Roger J.R. Levesque, 2009-05-08 Dramatic cases of child abuse and neglect are featured with tragic regularity in the news The stories vividly demonstrate both the urgent need for improved child protection services and the unwieldiness and ineffectiveness of the systems charged with the task To complicate matters further the original intent of child welfare policy is becoming increasingly obscured as legal responses to child maltreatment become more complex intrusive and even contradictory Fueled by a consistent narrative and a lucid ethical stance *Child Maltreatment and the Law* analyzes the increasing role legal systems play in family life and traces rapidly evolving legal concepts as they apply to child protection This unique volume helps readers

- 1 Navigate the various layers of legal regulation federal and state involved in child protection and family life
- 2 Identify variations and discrepancies in definitions of maltreatment and legal responses
- 3 Critique the relationships and boundary disputes between the criminal and civil justice systems and agencies dedicated to children s welfare
- 4 Analyze controversies e g removing children from maltreating families and other prime areas for possible reform

Child Maltreatment and the Law is a must read for psychologists developmentalists sociologists social workers criminologists and researchers focusing on family life as well as policymakers and advocates working within the legal system The book is particularly useful for courses relating to child welfare law or child abuse and neglect

Legal Issues in Child Abuse and Neglect Practice John E. B. Myers, 1998-07-09 This expanded and updated Second Edition of *Legal Issues in Child Abuse and Neglect Practice* offers a state of the art exploration of what role the law can play in bettering the lives of victimized children While all who work with abused children share the same goals there often exists a gap in communication between legal and helping professionals that reduces efficacy of cooperative efforts This new edition continues to provide vital information to non lawyers on how the legal system in the United States works in child abuse cases

On Trial Billie Wright Dziech, 1991-05-31 This book the first to examine the experience of child victims their families who attempt to seek justice in America s courts

offers practical reforms that would bring greater sensitivity justice to the legal process Reviewing American legal history the equivocal treatment of children sex crimes Dziech Schudson explain how current courtroom procedures often fail to acknowledge a child s abilities needs how child witnesses are often re victimized by the legal system that is supposed to help them They argue that there is no justification for subjecting abused children to a second round of trauma in court This important book recommends sweeping changes to assure justice for children their families those accused of harming them

Handbook of Children in the Legal System Ginger C. Calloway,S. Margaret Lee,2021-08-25 This handbook brings together the relevant literature on children and their developmental characteristics the legal venues in which they may appear and the systemic issues practitioners must consider to provide a thorough guide to working with children in the legal system Featuring contributions from leading mental health and legal experts chapters start with an overview and history of the juvenile justice system along with discussion of critical developmental areas imperative to consider for work with children and idiosyncratic issues that arise The book ends with a case presentation section that illustrates the varied roles and venues in which children appear in the legal system An extended bibliography provides additional resources and literature to investigate specific topics in greater length This accessible and useable guide is designed to appeal to a broad range of people encountering children in the legal system including social workers psychologists psychiatrists attorneys and judges It will also benefit professions such as law enforcement as well as probation officers child protective workers school personnel and medical personnel

Children in the Legal System Samuel M. Davis,Elizabeth S. Scott,Walter Wadlington,Lois A. Weithorn,2013-12-23 This Edition has been thoroughly updated with the latest cases statutory references and scholarly commentary It also includes coverage of recent Supreme Court decisions such as Miller v Alabama Jackson v Hobbs 2012 in which the Court held that mandatory imposition of a sentence of life without parole in the case of one who was a juvenile at the time of the offense violates the Eighth Amendment s prohibition against cruel and unusual punishment Graham v Florida 2010 Miller s predecessor in which the Court held that imposition of a sentence of LWOP on a juvenile for a nonhomicide offense violated the Eighth Amendment Florida v Harris 2013 in which the Court although in an adult non school search context held that an alert by a trained drug sniffing dog constitutes a presumption of probable cause to search J D B v North Carolina 2011 in which the Court held that a juvenile s age is a factor that can be taken into account in determining whether one is in custody for Miranda and interrogation purposes Stafford Unified School District No 1 v Redding 2009 in which the Court held that a strip search of a 13 year old middle school student violated the Fourth Amendment s prohibition against unreasonable search and seizure Adoptive Couple v Baby Girl 2013 in which the Court held that the preferences given to members of an Indian child s family members of the child s tribe or other Indian families under the federal Indian Child Welfare Act do not apply where there is no alternative party seeking to adopt the child The 5th edition has retained the basic overall organizational structure of the previous edition with one exception Chapters 5 through

7 which focus on the legal response to child maltreatment have been reorganized as follows Chapter 5 addresses the substantive standards defining child abuse or neglect Chapter 6 deals with processes characterizing the responses of the dependency and criminal justice systems to suspected child abuse or neglect and Chapter 7 addresses various dispositions in child maltreatment cases Within each chapter substantial new material has been incorporated into the treatment of each topic For example Chapter 5 includes special attention to issues such as specificity versus vagueness in construction of child maltreatment statutes the line between corporal punishment and physical abuse the relationships among poverty race homelessness and neglect the challenges of defining and identifying emotional or psychological maltreatment and the interplay between domestic violence and child maltreatment At the same time Chapter 5 retains and updates this casebook's distinctive in depth examination of the appropriate legal responses to a range of medical neglect problems Chapter 6 follows the processing of cases through the dependency and criminal justice systems respectively examining topics relating to reporting statutes summary removal state liability for failure to protect and constitutional and evidentiary issues encountered in criminal prosecution of alleged child maltreatment Chapter 7 examines historical shifts in federal and state policy regarding child welfare system dispositional alternatives considers the implications of the recent findings of developmental neuroscience for child protection policy reform and contains materials that allow for critical analysis of a range of issues relating to the foster care system and legal mechanisms for the termination of parental rights One of the distinguishing characteristics of this book which the authors have retained in this edition is its breadth of coverage and degree of flexibility in teaching It deals with every aspect of how the law relates to minors from free expression in school and other school related issues to child custody to private law e g torts and contracts to the juvenile justice system i e delinquency and the operation of criminal justice principles to juvenile justice to abuse and neglect including medical neglect to termination of parental rights to foster care to adoption to the status of children as children i e children's rights For that reason the book lends itself to use in any number of courses that might be styled Juvenile Law or Juvenile Justice or Juvenile and Family Law or indeed Children in the Legal System or Children and the Law As mentioned below the flexibility of the book lends itself to varying numbers of credit hours The book contains a unique blend of cases statutory materials and scholarly commentary including those from the social sciences in addition to law in such a way that the teacher can draw on a number of sources in examining and teaching about any subject area covered in the book No supplementary materials are needed everything is in one book The organization of the book is an important pedagogical tool as well It is organized to flow from one area to the next as it explores the overall relationship between the state parents and the child understanding of course that a professor in a given course might choose to skip over some parts of the material in the interest of time and coverage It lends itself particularly to a 2 or 3 hour course depending on the nature of the course and what the professor chooses to cover Each course that is taught around the country using this book whether in law schools or graduate school or even in the
