Child Abuse in the Classroom Phyllis Schlafly, 1985 Excerpts from Official Transcript of Proceedings before the U S Department of Education In the Matter of Proposed regulations to implement the protection of pupil rights amendment section 439 of the GEPA also known as the Hatch Amendment Child Abuse in the Classroom Phyllis Schlafly, 1984

Child Abuse and Neglect Cynthia Crosson-Tower, 1984 Educators have a duty to become involved in detecting and reporting abuse and neglect for at least three reasons First the trauma created by abuse and neglect is as much a detriment to learning as is a perceptual or physical difficulty Second teachers roles place them in close contact with the child on a daily basis And third in all states teachers are mandated by law to report child abuse and can be held liable for failure to do so This book discusses the teacher s role in recognizing and reporting child abuse or neglect in nine chapters 1 How Do You Recognize Abuse and Neglect 2 Whom Do You Tell The Reporting Process 3 If You Suspect Child Abuse How Can You Validate Your Suspicion 4 Once You Report What Happens Then 5 What If You Have to Go to Court 6 What Can You Do for the Child Beyond Reporting 7 Who Is the Child s Family 8 How Can You Help the Child by Helping the Family and 9 What Can You Do about Prevention Also included is a 41 item bibliography eight appendices which include sources of further information and reporting procedure and a list of state review board members JMK *Child Abuse and the Classroom Teacher* Barbara Elizabeth Lovstad, 1985 **Child Abuse as Viewed by Suburban Elementary School Teachers** David A. Pelcovitz, 1980 **Child Abuse and the School** Jeanette Willan Fairorth, 1982 *Public Schools - the Worst Case of Child Abuse in American History* Jim Blockey, 2015-05-05 Sending your children to public school is equivalent to the worst form of child abuse we disable our children by enabling them allowing them to run amok through the hallways of our schools all in the name of self esteem Our children are doomed to a mediocre existence The Worst Case of Child Abuse in American History Your Public Schools is a book that reveals what is really taking place in our classrooms today and academics is the last thing on the to do list According to the experts reading is less relevant than the child s social calendar and could initiate anarchy in America This book specifies these so called experts names it is blunt and to the point Years ago America s education leaders had an agenda for our education system and they were warned by numerous knowledgeable specialists on the dangers of that agenda Utilizing the research and facts of those specialists and my twenty two years of experience teaching in the public school classroom I expose the truth of why America s education system is decomposing at such an alarming rate **Child Abuse and Neglect** Donald Franklin Kline, 1977 **The Role of Educators in the Protection and Treatment of Child Abuse and Neglect** Cynthia Crosson-Tower, National Center on Child Abuse and Neglect (U.S.), 1992 **Supporting Children in the Classroom who Have Experienced Child Abuse and Neglect** Ashley Ann Sly, 2014 The goal of this project was to provide teachers with training to help them to better support a child in the classroom who has experienced abuse and neglect Child abuse is a serious threat to children s emotional and social well being and

teachers are in a unique position to detect and report suspected abuse Teachers are only required to receive brief training on identifying and reporting abuse and neglect in their role as mandated reporters and many report they lack education on how to support a child who is a victim of abuse in their classroom The purpose of this project was to develop and present an interactive workshop using evidence based materials to promote knowledge and strategies for supporting a child as well as expand teachers confidence and self efficacy in detecting and reporting child abuse and neglect The development of the materials included a needs assessment with current educators After development the workshop was piloted and evaluated Recommendations for future improvements are included
