Navajo Textiles Nancy J. Blomberg,1994-07-01 William Randolph Hearst's collection of Navajo textiles is one of the most complete gatherings of nineteenth century Navajo weaving in the world Comprising dozens of Classic Period serapes chief blankets Germantown eyedazzlers and turn of the century rugs the 185 piece collection was donated to the Los Angeles County Museum of Natural History in 1942 but for the next forty years was known only to a handful of scholars Hearst began acquiring textiles from the Fred Harvey Company after viewing an exhibit of Indian artifacts Over four decades he amassed a collection spanning more than a century of Navajo weaving and including nearly every major type produced from 1800 to 1920 Hearst's passion for American Indian artifacts was so strong that he had originally visualized his now famous castle in San Simeon as a showplace for his Navajo textile collection At a time when the Harvey Company was itself influencing the development of Indian handcrafts by opening up the tourist market Hearst contributed to this influence by expressing his own artistic preference for rare and unusual pieces This catalogue raisonné featuring nearly 200 illustrations provides the general public with the first look at this important collection Nancy Blomberg's narrative introduces the reader to the history of Navajo weaving and documents Hearst's role in its development The heart of the book provides a detailed analysis of each textile fibers yarn types dyes and designs Navajo Textiles thus constitutes an invaluable reference for scholars and collectors and will be enjoyed by anyone who appreciates these beautiful creations from the Navajo loom **BUREAU OF**

Weisfelder,2013-06-13 Lesotho is rather different from most other African countries For starters it is a kingdom which preserves a traditional hierarchy and customs and its population consists of one fairly homogenous ethnic group although admittedly there are differences and occasional rifts within it Then it is a landlocked country completely surrounded by South Africa on which it depends heavily Economically it has not been doing particularly well this partly because the country is so poorly endowed by nature and its people often eke out a living abroad Politically there have been ups and downs the downs fortunately lying in the past with Lesotho doing somewhat better since the latest elections Socially and culturally as hinted it is quite unique and this can be gathered from reading the book This second edition of *Historical Dictionary of Lesotho* covers the full scope of Lesotho s ancient colonial and independence eras It gives greater emphasis to the more recent period and brings the book fully up to date This is done through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 400 cross referenced entries on civil society key events leaders governmental international religious and other private organizations policies political movements and parties economic elements and many other areas that have shaped the country s trajectory This book is an excellent access point for students researchers and anyone wanting to know more about Lesotho **Historical Dictionary of Lesotho** John Aerni-Flessner,Charles Fogelman,Nthabiseng Mokoena-Mokhali,2023-11-30 Lesotho s history has long been defined by its enclave status within South Africa but it is a hard fought and hard won status that helps unite Basotho through the shared history of struggle against colonial rule in the region Since the end of apartheid in 1994 Lesotho s status as a separate entity has been called into question though the fierce national pride built through centuries of resistance to outside rule has mitigated against any serious discussions of incorporating Lesotho into South Africa Still the political instability and lack of a flourishing domestic economy have made life difficult for the majority of Basotho and could call into question the viability and legitimacy of the state in the eyes of its citizens if it cannot enact significant reforms in the coming decades *Historical Dictionary of Lesotho* Third Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 500 cross referenced entries on important personalities as well as aspects of the country s politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Lesotho **Report of the United States National Museum ...** United States National Museum,1897 **With Carson and Frémont** Edwin Legrand Sabin,1912 **Cherokees "west," 1794-1839** Cephas Washburn,1910
