Children of Divorce Debbie Barr, 1992 Every year over one million kids see their parents divorce This realistic book tells the truth about divorce how it forever changes the lives of those it touches Barr offers tips anyone can use to help children cope and includes read aloud stories to help preschoolers A revised edition of Caught in the Crossfire The Truth About Children and Divorce Robert E. Emery Ph.D., 2006-01-31 Nationally recognized expert Robert Emery applies his twenty five years of experience as a researcher therapist and mediator to offer parents a new road map to divorce Dr Emery shows how our powerful emotions and the way we handle them shape how we divorce and whether our children suffer or thrive in the long run His message is hopeful yet realistic divorce is invariably painful but parents can help promote their children s resilience With compassion and authority Dr Emery explains Why it is so hard to really make divorce work How anger and fighting can keep people from really separating Why legal matters should be one of the last tasks Why parental love and limit setting can be the best therapy for kids How to talk to children create workable parenting schedules and more **Divorcing Children** Dr Lesley Scan, Miss Gillian Douglas, Margaret G Robinson, Professor Ian Butler, Prof Mervyn Murch, 2003-08-15 Drawing on a three year multidisciplinary study of children of divorced parents the authors present a much needed guide to understanding the experience of children who are experiencing parental separation This book provides an in depth account of how children are actively involved in the process of divorce and how they shape that experience *Kids and Divorce* Steven T. Griggs, Ph.D., 2018-06-23 I have been a practicing psychologist in an outpatient setting for over thirty two years I run into the same issues and problems almost every day addictions anxiety ADHD learning disabilities assertiveness children s behaviors mood disorders relationships and self esteem This article is another about children in this case what they experience after their parents separate and or divorce Here s some particulars This ebook discusses what not to do after the divorce or put more positively what to do to help your child ren cope and process this very big life changing event It focuses on both the parent and child s experiences However since I am a child psychologist it presents information to parents from the child s point of view highlighting what children need and want when their parents are no longer together Here s some specifics I start with a summary of some of the more common research findings I don t get too technical or scholarly but it is important to put my information into context Next is a description of how children see divorce Most parents get more of their own experience not the child s While it occasionally does occur it is very rare that kids want their parents to divorce Kids have very bad feelings during this and subsequent times What are these feelings and how can parents help Here is a discussion of the seven things kids want and the five feelings they need to have Next is a discussion of what parents might consider before the divorce Some parents do a very good job of thinking about what to do before telling the kids Here you will find the top ten things to do first What are the ways to reach kids I go over specific communication techniques especially the ones that work the best What about rewards bribes manipulation Parents usually resort to some version of these often out of

desperation I write about how to avoid much of that These are covered under Vocabulary of Feelings the Four To One Rule and the Three Contingencies of Reinforcement Parents have to know about acting out They have to understand what acting out expresses What does it mean What is the child doing by behaving this way This is where the Vocabulary of Feelings earns high marks It opens up communication in productive not destructive ways What are the most common feelings children have during this time I list seven Sometimes kids are really thrown for a loop by divorce no matter how sensitive the parents are Worse sometimes kids fall apart which is more common when parents declare war on each other I list the top ten major warning signs of childhood decompensation If you see any of these signs take your child to a licensed professional What are the three most destructive things a child believes about the divorce Parents have to correct these right away or else What is the one finding from dozens of studies that almost single handedly explains why there is such harm children suffer before during and after the divorce Parents should know about Constancy This is one of the most powerful psychological principles that parents overlook Without it kids are lost What is the most crucial time to attend to this There is one developmental time frame that requires special attention If the divorce occurs during this two year window the child is five times more likely to develop a depressive and or an anxiety disorder in the teen years How should parents handle visitation This is such a strange word to kids especially in the beginning just after the divorce What s the aftermath of children having to go back and forth between parents What might parents do about pre visit and exit jitters What about resistance Then I introduce some techniques things to do or say that make much of this manageable Believe it or not parents can succeed in all the above areas even while living in separate households It s not ideal but children can salvage much that is meaningful but only if the parents are skilled This brings up co parenting Have you and your ex considered what rules each of you will have pertaining to the child How about rewards for good behaviors It s important for the contingencies to be at least similar between the houses What about changes Usually parents develop a schedule of visitation But things change often at the last minute Now what Parents have to work together at least a little bit to pull this off I provide lots of tips What are the seven deadly sins committed by warring parents during visitation These are huge no no s if you want your child to have any peace of mind at all What do parents need to know if and when there arrives a stepparent Thought things were challenging just after the divorce Just wait And how do the children address the new parent Blended families foil many an attempt to re stabilize households But there are four simple solutions mind sets that help if the parent is open And what do parents do with their own feelings Usually we act them out on our ex This is understandable but it is damaging to both parents and children What if the ex s hate each other so much that they will not even send email to each other This is disastrous and probably requires intervention I discuss when and what types will be most helpful Parents need to know what constitutes the best adult behaviors in conjunction with what the children are feeling If this fails it probably is appropriate for the parents to start their own counseling I tell you when Lastly two things are included that are not often discussed in this context One is the death of

a parent and the sequela experienced by the remaining family members The other is the divorced parent s self care which is usually diminished I list the ten areas separated and or divorced parents should not overlook These are the subjects I cover in this ebook This ebook has 31 pages and contains THE information parents have to have to save their kids from psychological harm Clients are very enthusiastic about this ebook probably because there are not many to the point references to be found on this subject Half the population has experienced divorce and unfortunately a high number of divorcing couples have children There is a great need here This ebook has no fat Think of it as a Cliffs Notes publication It s a quick read about an hour because I go straight to the points and explain concepts in everyday language just like what you re reading now

Rebuilding will help readers stay grounded through the emotional upheavals they'll share with their children and grandchildren. This practical manual puts an arm around the shoulder of parents of divorcing adults and supports them through the difficult days of the divorce process and its aftermath. *Divorced Kids* Warner Troyer, 1979 *A Parent's Guide to Divorce* Karen Becker, 2018-11-13 From creating a parenting plan to navigating the post-divorce world, this child-centered reference teaches parents what to say and do to guide their children, toddlers to young adults, through a divorce, offering proactive solutions to make the child a priority as readers successfully transition to co-parenting. *Divorced Kids* Laurene Johnson, 1992-05-23 A positive practical guide to help children cope with the loss of a relationship, feelings of abandonment, stepfamilies, unspoken fears, and much more. *Voices of Children of Divorce* David Royko, 2013-07-30 Among the scores of books concerning divorce, rarely have the voices of the innocent victims, the children, been heard. In Dr. Royko's deeply moving assemblage of the kids, sometimes troubled yet revealing thoughts, we hear them at last. *STUDS TERKEL* author of *Working* The silent sounds of family breakups are captured with startling clarity by Dr. David Royko, who helps us to hear the observations and intimate revelations of those who have the least control of the process and who are most affected by it. By giving voice to these silent witnesses, Dr. Royko confirms for us, working in the field, lawyers, judges, mediators, social workers, and therapists, the devastating impact of divorce on those least able to cope and the need for divorcing parents to develop an awareness of the child's perspective. *BENJAMIN S MACKOFF* former presiding judge of the Cook County Domestic Relations Court and director of family mediation services. *Schiller DuCanto and Fleck* Dr. David Royko's *Voices of Children of Divorce* provides sage observations from the children who have been the witness of adult folly. The book is truly wonderful in that it allows children with vastly different experiences to share their perspectives with clarity and focus in the process, teaching adults how to better manage divorce. *BENNETT L LEVENTHAL M D* Irving B. Harris, Professor of Child and Adolescent Psychiatry, University of Chicago. At last, we hear from that silent majority, the children who are always the victims in divorce. Dr. David Royko's collection of their candid observations should move divorcing parents to reevaluate their priorities and their behavior. *JENNY GARDEN* author of *The Almost Painless Divorce: What Your Lawyer Won't Tell You*

**The Switching Hour 34098** Evon O. Flesberg, 2010-09-01 *The Switching Hour* is that time both hoped for and dreaded when children go from one world to another as they shuttle between divorced parents. Written from the child's point of view, this book will help parents simplify family life as children transition between parents. Filled with facts and practical advice, *The Switching Hour* stresses that even with the best intentions and parenting skills, children and parents must come to terms with living divided lives. Besides parents experiencing a divorce, *The Switching Hour* should be read by every teacher, child care worker, minister, and children's worker. Perhaps every lawmaker, judge, lawyer, social worker, and welfare staff should also be required to read it. *Linda Ranson Jacobs DC4K* *DivorceCare for Kids* Executive Director. Profound, passionate, courageous, deeply insightful. Dr. Flesberg has heeded Elijah's call to turn the hearts of parents to their children. Malachi 4:6 and Luke 1:
