T. Shearman,1997-08 **The Development of Symbolic Logic** A. T. Shearman,2015-06-17 Excerpt from *The Development of Symbolic Logic A Critical Historical Study of the Logical Calculus* The form that the present work has taken is due to some correspondence that I had with Mr W E Johnson in the year 1903 He pointed out to me the error of thinking of the various symbolic systems as being radically distinct and as competing with one another for general acceptance Rather he held it is correct to adopt the view that there is available at the present time what may be called the Logical Calculus and that towards the creation of this Calculus most symbolists have contributed This idea has been worked out in the following pages About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
