Disordered and Deviant Behavior Alfred B. Heilbrun, 2004 The systematic studies in each program provide many new empirically based perspectives on disorder BOOK JACKET

Disordered and Deviant Behavior Alfred B. Heilbrun, 2004 Each program is guided by the assumption that disorder and deviance follow from faulty learning experiences that result in dysfunctional acquisition of behavior and from ineffective efforts at resolution or compensations Learning principles are applied to a range of abnormalities from mild character or personality problems to stress related somatic disorders to the most serious of psychotic disabilities Choice, 2005 **Adolescence**, 2006 **Book Review Index**, 2006 Every 3rd issue is a quarterly cumulation

A Handbook for the Study of Mental Health Teresa L. Scheid, Tony N. Brown, 2009-11-16 The second edition of A Handbook for the Study of Mental Health provides a comprehensive review of the sociology of mental health Chapters by leading scholars and researchers present an overview of historical social and institutional frameworks Part I examines social factors that shape psychiatric diagnosis and the measurement of mental health and illness theories that explain the definition and treatment of mental disorders and cultural variability Part II investigates effects of social context considering class gender race and age and the critical role played by stress marriage work and social support Part III focuses on the organization delivery and evaluation of mental health services including the criminalization of mental illness the challenges posed by HIV and the importance of stigma This is a key research reference source that will be useful to both undergraduates and graduate students studying mental health and illness from any number of disciplines

The British National Bibliography Arthur James Wells, 2006 *Inside the Minds of Sexual Predators* Katherine Ramsland, Patrick N. McGrain, 2009-12-21 This revealing look inside the minds of sexual predators from cyber stalkers to rapists to teachers who exploit underage children explains why they commit their heinous crimes They are among the most frightening of all criminals yet few have attempted to document the complex mindset of the sexual predator through intimate case details Inside the Minds of Sexual Predators reexamines this intentional criminal behavior describing the different types of sexual predators and explaining why they choose to commit their specific type of predatory acts Each chapter of the book addresses a different category of predator or a specific complex issue related to predatory behavior Distinctions are drawn between types of offenders from the casual offender to the depraved rapist and serial lust killer and the variables that play a part in an individual's sexual predation are explored Like Ramsland's Inside the Minds of Mass Murderers this book is essential reading for professionals in law enforcement and psychology as well as for everyone seeking to go beyond the headlines to understand this difficult and controversial topic
