## **Divided Empire:**

**Divided Empire** Val Taube,2019-11-05 *Divided Empire* is a spy novel about love espionage and the end result of Putin's war games. In winter 2014 before Russian troops stormed through Ukraine and turned the Crimean peninsula into a launching pad for war, a Ukrainian journalist Tatiana and a Russian Navy officer Alexander had been in deeply love and planned to get married. However, the flame of war put them on opposite sides of the barricades; one was on a quest to unearth the dark truths surrounding Putin's invasion, and the other was a secret agent of the FSB. On the other side of the Atlantic, two retired CIA agents with critical information about Putin and other Kremlin officials, Sharon and Tom, are pulled back into the world of international spy games from Washington D.C. to Ukraine, from Ukraine to Russia. In Siberia, Sharon and Tatiana's paths intersect at the doorsteps of a Siberian scientist with intimate knowledge about Putin's plans to pay back to Western world leaders for helping Ukraine. Risking their lives, Sharon and Tatiana had to take immediate actions. *World and Its Peoples*, 2010 incorporates every conceivable focus of interest from holidays to health care, national anthems to gross national product, natural resources, ethnic groups, voting age, performing arts, provincial capitals, leaders of the past and present, native plants and animals, and far more. Newly commissioned political and geophysical maps represent past and present realities. The thirteen volumes of this set examine the 50 countries, dependencies, and states of the European continent, putting into perspective this enormously influential center of commerce and culture. [From Rome to Byzantium](#) Michael Grant, 1998. Michael Grant's narrative is lucid and colourful, lavishly illustrated with photographs and maps. He successfully provides an examination of a comparatively unexplored area and constructs the history of the empire.
