Divine Cruelty:

Divine Cruelty Lee Ash,2003-10-01 **Only God Knows Why** R. C. Parsons,2020-04-29 Glancing round the kitchen I decided to make the most of my unexpected holiday Instead of dressing for work in my drab olive green Get Go outfit I walked into the bedroom and grabbed a pair of faded old blue jeans and a white summer tank I steered my butt into the bathroom and stood silently questioning my appearance in the mirror Lord Living like this is really aging me I m forty six years old and all this shit s making me look like sixty Grabbing my makeup bag I did a quick Chinese slap chop suey on my face finishing up with a lick of Latin lipstick Ahhhh not so bad with the cover up Gee I seem to have dropped a few years Why I bet I could now pass for let s see Forty five Fifty Laughing as I slipped my boots on I tossed my old leather jacket over my arm for later and decided to head down to the local watering hole It was more than a tweak funny to me that the bar I was planning on kicking it in was the Get Together It was an amusing coincidence considering the bullet I was dodging for the day was none other than the local Get Go The bar had a long sordid history on Kenilworth Ave It was opened and closed by the local cops at least twice a year a ripper bar when I d begun shooting a stick at the tender age of eighteen By the ripe age of twenty four I d graduated up to serving beers and waiting tables and it d evolved into one of the roughest biker bars in Hamilton Hells Angels Red Devils Outlaws and the Chinese Tong all left their colours and turf wars outside to discuss business around the marble bar top Once that was done they d slip down to the private gentlemen s room to shake hands over a few rails of the Christmas product they all pumped out on the streets Walking down the street now kissing fifty I found myself running there for shelter Shelter from the storm Shelter from work from life from a man I used to love and a house I used to call home The Homiletic Review ,1903 Kierkegaard and Mysticism Hjördis Becker-Lindenthal,2025-09-16 Kierkegaard and Mysticism brings together scholars who show that reading S ren Kierkegaard from the perspective of mysticism not only sheds new light on the Dane s thought but also offers a fresh approach to mysticism as such considering its relevance for existential questions ethics inter faith dialogues and socio political criticism The three sections focus on reception history considering the mystical writers who even when mediated through secondary sources were most formative for Kierkegaard s thought mystical concepts such as silence unio mystica and the relation of the contemplative and active life in various religious traditions Kierkegaard s relevance for twentieth century mystical writers and contemporary spirituality Whereas previous scholarship has approached Kierkegaard s relation to mysticism mainly under a negative paradigm this volume contributes to a greater understanding of the mystical dimensions of his thought It will be of interest not only to Kierkegaard scholars but also to theologians and philosophers working on mysticism and intellectual history

Performance: Visual art and performance art Philip Auslander,2003 This collection reflects not only the multidisciplinary nature of current thinking about performance but also the complex and contested nature of the concept itself **Mimesis, Masochism, & Mime** Timothy Murray,1997 An invaluable collection of theater commentary by a wide

range of leading French theorists in English translation The Essence of Catholicism Peter Forrest,2024-12-26 Peter Forrest argues that Essential Catholicism is the one and only religion to which reasonable humanists could commit Drawing on Immanuel Kant s Religion within the Bounds of Bare Reason and Ludwig Feuerbach s The Essence of Christianity he provides an in depth philosophical investigation into the synthesis of Catholicism and the Enlightenment In this nuanced study humanity and divinity are two species of the same genus Chapters defend the apologetic project from common objections and cover the argument from evil to Catholicism the case for the Catholic synthesis the argument from tradition and finally the negative case for Essential Catholicism Forrest elucidates how the various Catholic churches have Essential Catholicism in common discussing the Roman Catholic the Eastern Orthodox the Oriental Orthodox and the Old Catholics as well as High Church Anglicanism with Methodism as a borderline case He argues that we can learn from other Christian denominations and from other religions but Catholicism is the overarching and one true religion An engaging and original account The Essence of Catholicism departs from Vatican theory and provides a sharp philosophical reflection on a distinctive religious position within the Catholic tradition of thought Antonin Artaud and the Healing Practices of Language Joeri Visser,2021-06-03 The life of Antonin Artaud 1896 1948 was tormented by physical and mental illnesses Already in his earlier works Artaud tried to express his physical and mental suffering but perceived in describing his feelings the obstructive and illness inducing role of language This is the first book written in English that analyses the role of a healing language with which Artaud engaged in his later writings Joeri Visser guides us through the years in which Artaud suffered increasingly from mental instability and considered the act of writing his only means of survival In doing so Visser unfolds a literary and a philosophical analysis of how language and life work together and how a creative play with language can help us to reengage sustainably with the joyous as well as the terrible forces of life **Writing and Difference** Jacques Derrida,2021-01-27 First published in 1967 Writing and Difference a collection of Jacques Derrida s essays written between 1959 and 1966 has become a landmark of contemporary French thought In it we find Derrida at work on his systematic deconstruction of Western metaphysics The book s first half which includes the celebrated essay on Descartes and Foucault shows the development of Derrida s method of deconstruction In these essays Derrida demonstrates the traditional nature of some purportedly nontraditional currents of modern thought one of his main targets being the way in which structuralism unwittingly repeats metaphysical concepts in its use of linguistic models The second half of the book contains some of Derrida s most compelling analyses of why and how metaphysical thinking must exclude writing from its conception of language finally showing metaphysics to be constituted by this exclusion These essays on Artaud Freud Bataille Hegel and L vi Strauss have served as introductions to Derrida s notions of writing and difference the untranslatable formulation of a nonmetaphysical concept that does not exclude writing for almost a generation of students of literature philosophy and psychoanalysis Writing and Difference reveals the unacknowledged program that makes thought itself possible In analyzing

the contradictions inherent in this program Derrida goes on to develop new ways of thinking reading and writing new ways based on the most complete and rigorous understanding of the old ways Scholars and students from all disciplines will find Writing and Difference an excellent introduction to perhaps the most challenging of contemporary French thinkers challenging because Derrida questions thought as we know it
