Pedraja,2021-03-22 Russia s surprising return to the world stage since 2000 has aroused the curiosity if not the fear of the  
West Gradually the Kremlin went from a policy of deference to foreign powers to acting with independence The driver of this  
transformation was President Vladimir Putin who with skillful caution navigated Russia back into the ranks of global powers  
In theaters of conflict such as Georgia Syria and Ukraine the Kremlin won significant victories at little cost to consolidate its  
decisive position Following a chronological approach from the fall of the Soviet Union to the present this book draws on new
