Leadership Training Course The Vine U.s.a., 2014-07-04 The Leaders training course effective leadership for small groups is an indispensable resource for small groups and cell group leaders God has called every Christian to fulfill the Great Commission This implies that each Christian must develop leadership qualities by stepping up and developing his own quality leadership by employing what he has learned by leading a small group This leaders training course will help The leadership qualities of a small group leader are learned Leaders are not born but cultivated thus the need for a leaders training course Jesus trained His own small group or cell group as we like to call them These men began with no leadership qualities They learned through the years they spent walking with Jesus In the same way today small group and cell group leaders must learn the principles that lead to effective leadership and these are not intuitively acquired Quality leadership is always effective leadership Leadership is about results and not just organization Each lesson of the small group leaders training course shows how you as the leader of your cell group can identify and improve your leadership qualities and exercise an effective leadership resulting not only in your own growth but also the

growth of the members that you serve Christian leadership today is going through a tremendous crisis The church has confused leadership with administration which is important but not foundational The small group leaders training course reinforces this distinction by teaching the proper identity we have as children of God and the purpose that God the Father has for each of His children This leaders training course teaches the foundations of God s throne and how spiritual authority plays in extending His rule over the earth Each small group leader will learn effective leadership qualities by understanding and practicing these principles of spiritual authority Spiritual authority has been woefully abused through the centuries and as a result many churches have abandoned the principle altogether The small group leaders training course shows how to practice these principles without getting lost in its abuses The leaders training course teaches the effective leadership qualities that new leaders need to protect themselves and the network of leaders in which they work from the dangers of these abuses Each small group leader will learn effective leadership qualities by observing the lives of OT and NT leaders like Moses Joshua David and the Apostle Paul The effective leadership qualities that these men practiced are often overlooked in the narrative of each gospel account However we must recognize that effective leadership qualities are the hallmark of each positive bible character and the negative characters in the bible are presented as models of leadership qualities that must be avoided Each small group leader will learn effective leadership qualities in evangelism how to overcome barriers to evangelism styles of evangelism and tips for mobilizing your small group in evangelism Each small group leader will learn effective leadership qualities related to praise and worship Not every group member will have the gifts for ministering praise and worship but some will and you must know how to lead them into serving the group in this capacity

Developing Leaders Laurence Singlehurst, Trevor Withers, 2019-01-31 I continue to dream and pray about a revival of holiness in our day that moves forth in mission and creates authentic community in which each person can be unleashed through the empowerment of the Spirit to fulfil God's creational intentions So speaks John Wesley His words are as relevant today as they were when he first wrote them He saw something of his prayers answered as his movement of small groups known as classes empowered and transformed the lives of those who attended them This in turn spilled out in to the lives of these faithful people and turned the country upside down for God's kingdom As we see God at work in our day many of us are praying a similar prayer as we see the two things God is doing Firstly moving the church from an attractional model to a missional model where everybody is equipped and empowered to reach their friends families and to serve their neighbourhoods Secondly the Holy Spirit is moving us from a leader centric church to people power the equipping and motivating of individual members for discipleship for life for mission for ministry So the training of small group leaders and assistants becomes imperative in seeing the mission of the church work and a key function in the empowering supporting and developing of ministry in church members
