In line with a broad interest, CBSE 2010 received 48 submissions. From these submissions, 14 were accepted after a careful peer review process followed by an online program committee discussion. This resulted in an acceptance rate of 29%. The selected technical papers are published in this volume. For the fourth time, CBSE 2010 was held as part of the conference series Federated Events on Component Based Software Engineering and Software Architecture (COMPARCH). The federated events were the 13th International Symposium on Component Based Software Engineering (CBSE 2010), the 6th International Conference on the Quality of Software Architectures (QoSA 2010), and the 1st International Symposium on Architecting Critical Systems (ISARCS 2010). Together with COMPARCH's Industrial Experience Report Track and the co-located Workshop on Component Oriented Programming (WCOP 2010), COMPARCH provided a broad spectrum of events related to components and architectures.
