## **Arab World And Israel:**

*Israel and the Arab World* Aharon Cohen,1976      **Israel and the Arab World** C.H. Dodd,M.E. Sales,2015-05-22 The Arab Israeli conflict provides the world with one of its most intractable and dangerous problems This documentary analysis of the period first published in 1970 from the First World War to 1968 will be welcomed by all those who seek an impartial understanding of the problem The editors have gathered together documents ranging from official papers original maps and a Palestine Israel population graph to quotations from contemporary historians and observers So far as possible the documents themselves are made to tell the dramatic story of Arab Israel relations But the editors also place them in the broader context of Middle Eastern history and indicate major points of interest The conclusion analyses fundamental issues and an appendix contains questions which may be answered from a study of the documents thus providing a useful basis for discussion      **The Iron Wall** Avi Shlaim,2001 This book helps to understand the debate within Israel about the possibility of peace with the Palestinians

*Jews and Muslims in the Arab World* Jacob Lassner,Ilan S. Troen,2007-05-30 *Jews and Muslims in the Arab World* highlights the effects of historical memory on the Arab Israel conflict demonstrating that both Jews and Arabs use stories of distant pasts to create their identities and shape their politics Whether real or imagined the past filtered through their collective memories has had and will continue to have enormous influence on how Jews and Arabs perceive themselves and each other *Jews and Muslims in the Arab World* describes the ways in which the past is absorbed internalized and then processed among Jews and Arabs The book stresses the importance of historical imagination on the current evolving political cultures but does not claim that explanations from an ancient past shed light on every aspect of contemporary events      **Assessing the Impact of U.S.-Israeli Relations on the Arab World** Lenore G. Martin,2003

*Israel and the Arab World* Gil Zohar,2015-11 This entry in *Voices From Israel* examines Israel s geopolitical position in the Middle East and the Arab world The status of many Palestinians as stateless people and refugees is often in the news This book explains how this tragedy was created and is being perpetuated The narrative examines Zionist chauvinism Arab rejectionism the long and convoluted search for peace and the history of asymmetric warfare and terror We ll look at Israel s relations with Egypt and Jordan with whom it has peace treaties We ll meet some Palestinians including Palestinian Americans and we ll encounter a symbol that evokes co existence and peace Parallel to the Palestinian Israeli conflict is a war for public opinion I encourage you dear readers to have an open mind and to avoid stereotypes as you seek to unravel the tangled truth Peace begins in one s heart and not from government decrees Certainly not from propaganda May we all merit to contribute to peace and understanding in the global village which is the planet Earth      **Myths and Facts** Mitchell Geoffrey Bard,2002 A revised and updated version of the classic guide to the Arab Israeli conflict including all the events since Oslo Israel s roots The Arab Israeli wars The United Nations The refugees The treatment of Jews in Arab Islamic countries Israel s treatment of Arabs The al Aksa intifada Jerusalem U S Middle East policy The peace process Settlements

The media New maps and charts P 4 of cover **Israel at Peace with the Arab World** Mark Tessler,1995-07-11 This paper examines three interrelated topics Firstly and most importantly it discusses the position that Israel is likely to seek to define for itself in the Middle East if its conflict with the Arab world is resolved Specifically it assesses the strategic economic political and ideological factors that will determine Israel s interests in the Middle East speculates about the kinds of alliances and relationships Israel is likely to seek in pursuit of these interests and considers the probable character of selected bilateral relationships that are likely to emerge as a result Secondly the paper assesses the likely impact on Israel s ties with key actors outside the region particularly the United States of its peaceful and deepening involvement in Middle Eastern international relations Finally it considers the ways that peace will affect political dynamics inside Israel including those relating to the making and conduct of foreign policy In particular it asks how the competition between moderates and hard liners a key dimension of present day politics might be transformed by a resolution of the Arab Israeli conflict **Israel and World Politics** Theodore Draper,1968 *Arab Strategies and Israel's Response* Yehoshafat Harkabi,1977 Israel, the Middle East, and the Great Powers Israel Stockman-Shomron, Israel The Middle East and the Great Powers presents the Israel Arab conflict to the general public in a uniquely comprehensive and interdisciplinary format Its form and content reflect the most serious efforts of Israel s intellectual community to analyze the conflict situation in which they live objectively and honestly The book argues that recent events have reduced the U S role and changed the policy parameters in the region A broad cross section of Israel s foremost orientalist historians jurists and political scientists have contributed a selection of articles and lexicons which embody the essential aspects of the conflict in its broadest sense Each key element is analyzed within a number of categories the ideological theological plane Judaism Zionism the Holocaust Jerusalem and the three monotheistic religions the Palestinian sphere PLO ideology Jordan and the Judea the superpowers and the wider region Iran Iraq the Islamic resurgence oil the Soviet Union and the Middle East the United States and Israel etc Detailed lexicons offer concise factual breakdowns of both the Middle East inter Arab aspects key Arab countries conventional and nuclear Arab armaments and the Arab Israel context chronology of the conflict key events and personalities in Zionism UN involvement international legal aspects Israel's Strategic Agenda Efraim Inbar,2013-09-13 Divided into two clear parts the first part of this book examines political and economic factors in the global strategic environment including the approach of US and EU foreign policies towards Israel global trends in the field of defence industries and the energy sector and their implications for the Middle East and Israel The second part focuses on Israel s strategic agenda as reflected in its military force design and doctrine the dilemmas the country has faced in the course of fighting its wars of attrition the relations between military and civil sectors in Israel the struggle against Israel on the part of non governmental organizations Israel s main security challenges and national grand strategy This book was previously published as a special issue of Israel Affairs

**A Concise History of the Arab-Israeli Conflict** Ian J. Bickerton,Carla L. Klausner,1991 Concise and comprehensive A

History of the Arab Israeli Conflict presents balanced impartial and well illustrated coverage of the history of the Arab Israeli conflict The authors identify and examine the issues and themes that have characterized and defined the conflict over the past century tying in a twenty first century perspective The seventh edition exposes readers to recent events in the Middle East Altering relations between Israel and neighboring states political and religious uncertainty as a result of the Arab Spring and the increased scrutiny of Iran s nuclear program are explored in this updated edition **Prevent World War III.** ,1950

**Secret Channels** Muḥammad

Ḥasanayn Haykal,1996 Mohamed Heikal here illuminates Arab attitudes towards Israel which have often seemed baffling to the outside world He gives an insider s perspective being personally acquainted with most Arab leaders at times involved in top level decision making

**Arab Attitudes to Israel** Yehoshafat Harkabi,1974-01-01

Because of recent changes in the explicitly declared goals of Arabs in the Palestinian conflict this book is of singular importance and no scholar or expert on Middle East affairs can afford to ignore it This work by a scholar described as the doyen of Israeli Arabists is the result of vast research into the attitude of the Arabs toward Israel manifested both in their declared explicit aims and in ideological exegeses on the roots of the Palestinian problem Approximately one hundred twenty books written by Arabs and the Arab press and radio are herein analyzed Harkabi s searching examination is objective His detection of consistent patterns in what at first seems amorphous is convincing If there is such a thing as a science of political psychology Harkabi is its master
