Apocalypse. An Alexandrian World Chronicle Pseudo-Methodius,2012-06-04 The Apocalypse informed medieval expectations of the end of the world responses to strange and exotic invaders and the legend of Alexander the Great An Alexandrian World Chronicle represented the early Christian chronicle tradition that would dominate medieval historiography Both crossed the Mediterranean in Late Antiquity Leo Rising Michael Anthony Cariola,2024-01-05 Leo Rising is tale of epic proportions that ties together two lives separated by 13 000 years of change yet mysteriously bound by destiny and birthright Kala high priestess to Inanna the goddess of love and fertility is a daughter of the Anakim and descended from the Anunnaki the gods themselves As the grand cycle passes from the age of Virgo to the Age of Leo what has been foretold and feared has now come to be Kala must defend the ancient mother religion and her homeland at all costs and prevent the bringers of a new violent religion from usurping her people s culture and freedom The new religion of the fire mountain god would bring war and destruction along with slavery and misogyny in its wake Thousands of years later Cassie Bartoli an astronomer at Goldstone Observatory uncovers a secret that if allowed to go public would upset the balance of power bringing about the end of the present religious and political system Simultaneously in southern Iraq archaeologist Steve Vance unearths an ancient marvel as well as the fabled city of Ellu Ezinu He can now prove the Nephelim the Sons of God written of in Genesis were not merely a fabled race of giants Steve also unearths powerful artifacts but only Cassie is the key to their usage Together Cassie and Steve must reveal the unlikely truth to the world before their separate discoveries are forever suppressed from the planet by those who fear the loss of their power **The Apocalypse of Abraham** George Herbert Box,2017-06-15 Considered by many to be the last important product of the Apocalyptic movement The Apocalypse of Abraham is an apocryphon a work that belongs to a body of prophetic Abrahamic literature flourishing about the time of Christ The text details the Destruction of the Temple and thus was written after 70 AD It is considered part of the Apocalyptic literature but not regarded as authoritative scripture *Apocalypse and Golden Age* Christopher Star,2021-12-07 This book investigates the various ways that ancient Greek and Roman authors envisioned the end of the world and the role they gave to global catastrophes both past and future in shaping human history The Apocalypse Chronicles Julian Mok,2012 3150 A world in turmoil Wracked by the ravages of near constant warfare and natural disaster the embattled populations of the surviving nations are clinging onto the last remnants of civilisation The land of Echelon once a proud and free country has

now fallen under the dark reign of a thousand presidents each worse and more bloodthirsty than the last Over eight hundred years they have locked their people behind the very seawalls once used to protect them against the forgotten calamities of the past and over time all memory of life outside the walls that hem them in have faded Countless freedom fighters have given their lives to try and free Echelon s people from the tyrannical masters who set them to work building weapons of destruction with which to crush the remaining countries of the world But President Immanuel Stark s deadliest plans have finally been taken from his hands and placed into Senator Dale Marshall s Barely managing to escape his home with the help of special forces soldiers from around the world called Agents he must now use that information to rally the warring and disparate factions of the world around the banner of freedom all the while trying to stay one step ahead of Stark s deadliest soldiers Will he and the Agents be up to the task of reuniting the Earth or will the President s long awaited plans finally succeed

The Apocalypse Paradigm José Hermann Cuadros,2013-07-29 1 The Revelation of John exerts an almost irresistible attraction to those who are intrigued by its intricate and complex structure JPR p vi 2 Despite its name appears to cancel as much as it reveals disclosing its mysteries only to those patient enough to pore diligently over its every word its every peculiar turn of phrase JPR p vi 3 The Book of Revelation is written now in our own history and in our own city in our own lives and in the lives of our children and our descendants in the pervasive emotional shadow of our failed responsibility and in the dependency of the evil acting on our behalf The time for the Book of Revelation is always the site for it is everywhere the understanding of it is impossible the feelings are overwhelming Introduction 4 A conflicted world of realities and an allegorical world of mental fantasies like a popular TV reality show are offering a kaleidoscopic framework of paradoxes Chaos and order helplessness and hope destruction and justice war and peace insane devilish actions and healthy spiritual goodness unbalanced lives of people with mental and physical disabilities and their care providers and the expression and context of the devil and the good all these are the text and context of the Book of Revelation the Apocalypse Introduction 5 The Book of Revelation more than a strategy and form of communication is a paradigm It attends not only logical needs of comprehension but also structural human needs that are essential for interactions within a social and human context p 4 6 The negative forces of the spirit fight against the positive forces within the same human individual in the struggle of eternal life In fact the earthly proximity of good and evil reverses the reality and frequently darkens the conscience and moral understanding The essence of good is absurdly assaulted by the unscrupulous immoral acts of evil an assault that leads our mind to the apocalyptic abyss of absolute failure and profound sickness reflected in the confrontational experience of spiritual brightness versus material darkness rational versus absurd behaviors a natural saintly rapture of living versus a vulgarly immoral rupture of life the functional beauty of sex versus the psychopathic abuse of lust No religious institution and no sacred name is free of the human behaviors frequently possessed by the beast such as within the Legionaries of Christ and the Holy See when both were profaned by the universal plague pointing to the spiritual

which has been preserved in old Slavonic literature falls into two distinct parts of the somewhat similar case of The Ascension of Isaiah The first part contained in chaps i viii consists of a Midrashic narrative based upon the legend of Abraham s conversion from idolatry which has several peculiar features 1 The second part chaps ix xxxii is purely apocalyptic in character and contains a revelation made to Abraham about the future of his race after his temporary ascent into the heavenly regions under the guidance of the archangel Jael who here seems to play the part of Metatron Michael It is based upon the account of Abraham s trance vision described in Genesis xv a favorite theme for apocalyptic speculation In the Book as it lies before us the two parts are organically connected Thus in chap x the archangel says I am the one who was commissioned to set on fire thy father s house together with him because he displayed reverence for dead idols an allusion to the narrative of chap viii and the general plan of the Whole work seems to be based upon the idea that Abraham s dissatisfaction with the idol worship by which he was surrounded which found vent in his strong protest to his father Terah chaps i viii appealed so much to the divine favor that the archangel Jael was specially sent by God to instruct him and initiate him into the knowledge of heavenly mysteries Whether the apocalyptic portion ever existed in a shorter and independent form will be discussed below

Apocalypse As Seen by Astronomy Anatoly Fomenko,2017-08-20 US research of earth moon mechanics by late NASA astrophysicist Robert Newton leads Russian mathematicians to a breakthrough in the chronology of The Revelations of St John The astronomical aspect of The Apocalypse stayed hidden for centuries The Apocalypse as seen by Astronomy has resurrected the astrological i e astronomical ideas contained in The Apocalypse and extracted from it the precise date of its composition on the Isle of Patmos St Augustin was quite right saying beware of mathematicians especially when they speak the truth The Apocalypse The Book of Revelation is the only apocalyptic document in the New Testament It does not refer to actual people or events but is an allegory of the spiritual path and the ongoing struggle between good and evil but contains nevertheless clues relative to its composition An enormous body of learned research centuries of heated discussions by different clerical schools about the origins time and place of writing of The Revelations of St John has literally buried precious bits of verifiable astronomic data The only moment on the time axis when the constellations of the night sky visible from the Isle Patmos correspond to the verbal Zodiac contained in the Revelations date to October 1486 A D and not to 56 A D Note that the very text of the Revelations was for the first time included by Erasmus in the New Testament he printed in 1515 A D in Geneva This text of the Revelations was provided to Erasmus by Johan Reuchlin his predecessor founder of Hebraism and master astrologist A significant part of mediaeval literature contains astrological texts especially astronomical tractates up until Kepler s age and even after that The existence of several competing astrological schools led to the use of lavish symbolism by mediaeval astrologers which makes it hard to speak of unified astrological definitions Furthermore each school developed its own linguistic and symbolic system However we shall soon see that many countries have surprisingly enough used a more or less uniform astrological symbolic system for zodiacal constellations for example This can mean that astrology was born relatively recently in the epoch when the means of communication between the astronomers of different countries had already been developed well enough to provide for regular information exchange and a similar astrological language in Europe and in Egypt for instance It would be expedient to remind the reader that the modern names for planets have been introduced by astrologers The names for days of the week in such languages as English French and German are also in direct relation to astrological concepts The Apocalypse as seen by Astronomy is just one of the facets of New Chronology theory Dr Fomenko et al as scientists are ready to recognize at sight the alleged mistakes of New Chronology theory to repent and to retract if and only if radiocarbon dating methods or dendrochronology pass the clear anonymous black box tests astronomic data refutes their results on solar eclipses it is proven irrefutably that Robert Newton NASA astrophysicist was wrong calling ancient Ptolemy the greatest con man in history in his Crime of Claudius Ptolemy At present historians heed the prescient advice of Saint Augustin and are not willing to apply to history the toolbox of exact sciences

Beware of the Occam's razor as their beautiful web of lies is too fragile. The radiocarbon dating labs run their very costly tests only if the sample to be dated is accompanied with an idea of age pronounced by historians on basis of subjective mmm gutfeeling and the history books they have been writing for the last 400 years. Radiocarbon labs happily bill for their fiddling and fine tuning with C14 hardware to get the dates to order of historians. Circulus Vicious is perfect. **Apocalypse**

John R. Hall, 2009-07-27 Winner of the American Sociological Association's Distinguished Book Award in the Religion category. For most of us, Apocalypse suggests the cataclysmic end of the world. Yet in Greek, apocalypse means revelation, and the real subject of the Book of Revelation is how the sacred arises in history at a moment of crisis and destiny. With origins in ancient religions, the apocalyptic has been a transformative force from the time of the Crusades through the Reformation, the French Revolution, and modern communism all the way to the present day Islamic Jihad and War on Terror. In *Apocalypse*, John R. Hall explores the significance of apocalyptic movements and the role they have played in the rise of the West and The Empire of Modernity. This brilliant cross-disciplinary study offers a novel basis for rethinking our social order and its ambivalent relations to sacred history. *Apocalypse* will attract general readers seeking new understandings of the world in challenging times. Scholars and students will find a compelling synthesis that draws them into conversation with others interested in religion, theology, culture, philosophy, and phenomenology, as well as sociology, social theory, western civilization, and world history.
