

Contemplating Edith Stein

Edith Stein

Contemplating Edith Stein:

Contemplating Edith Stein Joyce Avrech Berkman, 2006 The sixteen essays in this collection critically examine the legacy of Edith Stein a Catholic convert of Jewish heritage who was murdered at Auschwitz and are the first comprehensive interdisciplinary analysis in English of Stein's life and philosophical writings

Edith Stein Essays on Woman Edith Stein, 2012-10-30 To help celebrate the fourth centenary of the birth of St John of the Cross in 1542 Edith Stein received the task of preparing a study of his writings She uses her skill as a philosopher to enter into an illuminating reflection on the difference between the two symbols of cross and night Pointing out how entering the night is synonymous with carrying the cross she provides a condensed presentation of John's thought on the active and passive nights as discussed in *The Ascent of Mount Carmel* and *The Dark Night* All of this leads Edith to speak of the glory of resurrection that the soul shares through a unitive contemplation described chiefly in *The Living Flame of Love* In the summer of 1942 the Nazis without warrant took Edith away The nuns found the manuscript of this profound study lying open in her room Because of the Nazis merciless persecution of Jews in Germany Edith Stein traveled discreetly across the border into Holland to find safe harbor in the Carmel of Echt But the Nazi invasion of Holland in 1940 again put Edith in danger The cross weighed down heavily as those of Jewish birth were harassed Sr Teresa Benedicta of the Cross's superiors then assigned her a task they thought would take her mind off the threatening situation The fourth centenary of the birth of St John of the Cross 1542 was approaching and Edith could surely contribute a valuable study for the celebration It is no surprise that in view of her circumstances she discovered in the subject of the cross a central viewpoint for her study A subject like this enabled her to grasp John's unity of being as expressed in his life and works Using her training in phenomenology she helps the reader apprehend the difference in the symbolic character of cross and night and why the night symbol prevails in John She clarifies that detachment is designated by him as a night through which the soul must pass to reach union with God and points out how entering the night is equivalent to carrying the cross Finally in a fascinating way Edith speaks of how the heart or fountainhead of personal life an inmost region is present in both God and the soul and that in the spiritual marriage this inmost region is surrendered by each to the other She observes that in the soul seized by God in contemplation all that is mortal is consumed in the fire of eternal love The spirit as spirit is destined for immortal being to move through fire along a path from the cross of Christ to the glory of his resurrection Book includes two photos and fully linked index

Contemplating Woman in the Philosophy of Edith Stein Maybelle Marie O. Padua, 2007

Edith Stein: Letters to Roman Ingarden Edith Stein, 2014-12-14 Edith Stein and Roman Ingarden both students of Edmund Husserl the founder of phenomenology corresponded extensively between 1917 and 1938 These 162 letters most published here for the first time reveal a friendship that spanned the adult lives of these two important 20th century thinkers Through Stein's letters the reader can follow her through her student days her conversion from Judaism to Catholicism her professional life and her decision to become a Carmelite nun in the Carmel of

Cologne where she took the name Teresa Benedicta of the Cross The letters end in 1938 when the Nazi threat escalating throughout Eastern Europe made correspondence difficult especially across national borders Four years later Edith Stein was arrested in the Netherlands by the Nazi SS transported to Auschwitz and was killed in the gas chambers Roman Ingarden survived World War II continued his academic work in Poland and died in 1970 Although Ingarden s letters to her have not been found Stein s to him also help us understand the life of this Polish phenomenologist and aesthetician his life in Poland his intellectual development his own writings and academic career and the editorial assistance Stein provided for all of the works he published in German Translated from the newest critical German edition by Dr Hugh Candler Hunt this premiere English edition of her correspondence volume 12 of ICS Publications Collected Works of Edith Stein gives us a fascinating and intimate window into Edith Stein s rich life and personality revealing her warmth and humor deep capacity for friendship and remarkable intellectual and spiritual depth

Contemplating Edith Stein Joyce Avrech Berkman,2006

The sixteen essays in this collection critically examine the legacy of Edith Stein a Catholic convert of Jewish heritage who was murdered at Auschwitz and are the first comprehensive interdisciplinary analysis in English of Stein s life and philosophical writings

Edith Stein the Life of a Philosopher and Carmelite Teresia Renata Posselt OCD,2012-06-29

Having been out of print for half a century the original text is here re edited and enhanced by scholarly perspectives and updated and corrected in the light of knowledge which was not available to the author at the time Book includes 9 photos More Information Enriched by a broader range of contemporary literature about the philosopher educator spiritual writer and victim of the catastrophe that engulfed her as part of her Jewish people this new presentation of the biography everyone cites so frequently brings the reader closer to the real Edith Stein The editors have avoided weighing down this engaging life story with intrusive scholarly notes and commentaries Instead they have relegated such material to a separate section of Gleanings This gives the reader the option of enjoying the biography unencumbered by supplementary matter or delving into the Gleanings when desired The three editors translators are close to the Stein family as well as to her Carmelite family which she entered in 1933 Susanne Batzdorff is Edith Stein s niece who has known her in person Josephine Koepfel and John Sullivan are both Carmelites who have occupied themselves with the life and work of the saint and have talked with several Carmelite religious who lived with Edith Stein Complementing their notes and comments that deepen the knowledge of the famous phenomenologist and Carmelite is an insightful Foreword contributed by Sr Amata Neyer OCD who knew Posselt personally She has served as prioress of the Cologne Carmel and as archivist for its Edith Stein Archive

Edith Stein Saint Edith Stein,Sarah Borden Sharkey,2016 Not many people would think of philosopher Edith Stein 18911942 as an author on spirituality And yet even some of Stein s highly philosophical writings hold spiritual treasures while others are more directly related to the spiritual life Edith Stein Selected Writings highlights themes related to spirituality in Edith Stein s output For those interested in learning more about Stein s writings but who often find them too dense or challenging this volume makes

some of the spiritual gems of her thought more accessible *Knowledge and Faith (The Collected Works of Edith Stein, vol. 8)* Edith Stein, 2016-10-26 **An Investigation Concerning the State** Edith Stein, 2015-12-04 Any state exists only for the benefit of human beings This basic tenet of Edith Stein's political thought rests on her conviction that humanity is fundamentally one community precious beyond measure Differences of race culture and language offer us means to grasp the values of life uniquely so that we may share them universally reaching across all such social boundaries Stein wrote this treatise in the early days of the Weimar Republic shortly after the First World War It sets forth a philosophy of law government and administration that is at once idealistic and practical What is right Stein argues does not arise from legislation or litigation or politics Right relations as such are more basic than any institution Here too are Stein's first serious discussions of religious issues such as guilt expiation and freedom of conscience This is the philosophical work that immediately preceded her decision to be baptized on January 1 1922 Whether ironically or predictably Stein was put to death twenty years later by a state that brazenly defied nearly every principle that she had defended in this treatise In death she bore personal witness to the unity and dignity of the human race She perished with her people Jews and Christians alike at Auschwitz This ebook contains a fully linked Index **Potency and Act: Studies Toward a Philosophy of Being** Edith Stein, 2009 Potency and Act is the second of three works in which Edith Stein said she endeavored to fulfill her proper mission in philosophy her life's task relating the phenomenology of her teacher Edmund Husserl and the scholasticism of St Thomas Aquinas But more than critically comparing the two ways of thinking she wished to fuse them into her own philosophical system searching for that perennial philosophy lying beyond ages and peoples common to all who honestly seek truth More Information Edith Stein was a Jewish phenomenologist who became a Catholic after reading the autobiography of St Teresa of Jesus and entered the order of Discalced Carmelites founded by the saint Stein died in Auschwitz in 1942 and was herself canonized in 1998 as St Teresa Benedicta of the Cross Her philosophical thinking had been formed by Husserl but she came to find a home in Aquinas's thought world In Potency and Act she aimed to get from scholasticism to phenomenology and vice versa and allow the two ways of doing philosophy to come to resolution within herself The first of the three works in which she carried out her mission was a play where Husserl and Aquinas appear on stage to discuss their agreements and differences in Knowledge and Faith ICS Publications Edith Stein's Collected Works vol 8 The second Potency and Act was written in 1931 but published for the first time in 1998 The third was her major work Finite and Eternal Being written around 1935 and also published posthumously in 1950 Collected Works vol 9 Potency and Act is complementary to Finite and Eternal Being for they are quite different in content The approach to the study of being in Potency and Act is modal as the title implies her treatment of possible worlds and of form prescribing possibilities relates to phenomenological themes and also to recent developments in logical semantics Philosophy of religion of course is a central concern We reach God not only through faith and contemplation she says but by thinking using logical reasoning both from the world without as

in St Thomas and from the world within the way of St Augustine indeed God's existence is also a purely formal conclusion Her many searching analyses are suggestive in their own right on human freedom temporality self knowledge individuality evolution which she fits into the scholastic world view atheism eschatology

A Hermeneutics of Contemplative Silence Michele Kueter Petersen,2021-10-06 A Hermeneutics of Contemplative Silence Paul Ricoeur Edith Stein and the Heart of Meaning brings together the work of Paul Ricoeur and Edith Stein and locates the role of silence in the creation of meaning Michele Kueter Petersen argues that human being is language and silence Contemplative silence manifests a mode of capable human being whereby a shared world of meaning is constituted and created The analysis culminates with the claim that a hermeneutics of contemplative silence manifests a deeper level of awareness as a poetics of presencing a shared humanity The term awareness refers to five crucial levels of meaning creating consciousness that are ingredients in the practice of contemplative silence Contemplative awareness includes self critique as integral to the experience and the understanding of the virtuous ordering of relational realities The practice of contemplative silence is a spiritual and ethical activity that aims at transforming reflexive consciousness Inasmuch as it leads to openness to new motivation and intention for acting in relation to others contemplative awareness elicits movement through the ongoing exercise of rethinking those relational realities in and for the world The texts of Ricoeur and Stein reveal a contemplative discourse of praise and beauty for capable human beings whose actions and suffering respond to word and silence

Edith Stein's Finite and Eternal Being Sarah Borden Sharkey,2023-02-13 There are few topics more central to philosophical discussions than the meaning of being and few thinkers offer a more compelling and original vision of that meaning than Edith Stein 1891 1942 Stein's magnum opus drawing from her decades working with the early phenomenologists and intense years as a student and translator of medieval texts lays out a grand vision bringing together phenomenological and scholastic insights into an integrated whole The sheer scope of Stein's project in *Finite and Eternal Being* is daunting and the text can be challenging to navigate In this book Sarah Borden Sharkey provides a guide to Stein's great final philosophical work and intellectual vision The opening essays give an overview of Stein's method and argument and they place *Finite and Eternal Being* both within its historical context and in relation to contemporary discussions The author also provides clear detailed summaries of each section of Stein's opus drawing from the latest scholarship on Stein's manuscript *Edith Stein's Finite and Eternal Being A Companion* offers a unique guide opening up Stein's grand cathedral like vision of the meaning of being as the unfolding of meaning

Edith Stein Josephine Koeppel,2007 The twentieth anniversary of the beatification of Edith Stein 1891 1942 the accomplished Jewish philosopher who made a spiritual journey from atheism to agnosticism before eventually converting to Catholicism will be celebrated in 2007 In *Edith Stein Philosopher and Mystic* Josephine Koeppel chronicles the life of this influential saint from her secular youth and entrance into a German monastery to her tragic death at Auschwitz This accessible work will reward readers of all faiths interested in the life of a remarkable woman who changed the modern

conception of sainthood **Knowledge and Faith** Edith Stein, 2000 An anthology of work from the last twelve years of Stein's life as she tried to integrate phenomenology and Christianity **The Reception of Husserlian Phenomenology in North America** Michela Beatrice Ferri, 2019-06-05 This book presents a historiographical and theoretical analysis of how Husserlian Phenomenology arrived and developed in North America The chapters analyze the different phases of the reception of Edmund Husserl's thought in the USA and Canada The volume discusses the authors and universities that played a fundamental role in promoting Husserlian Phenomenology and clarifies their connection with American Philosophy Pragmatism and with Analytic Philosophy Starting from the analysis of how the first American Scholars of Edmund Husserl's thought opened the door to the reception of his texts the book explores the first encounters between Pragmatism and Husserlian Phenomenology in American Universities The study focuses then on those Scholars who fled from Europe to America from 1933 onwards to escape Nazism Felix Kaufmann Alfred Schutz Aron Gurwitsch Herbert Spiegelberg Fritz Kaufmann among the most notable and illustrates how their teaching provided the very basis for the spreading of Husserlian Phenomenology in North America The volume examines then the action of the 20th Century North American Husserl Scholars together with those places societies centers and journals specifically created to represent the development of the studies devoted to Husserlian Phenomenology in the U S with a focus of the Regional Phenomenological Schools

Philosophy of Psychology and the Humanities Edith Stein, 2016-02-20 Edith Stein's analysis of the interplay between the philosophy of psychology and cultural studies particularly psychoanalytic theory and behaviorism Contains a fully linked Index More Information Do I have to is the most human of all questions Children ask it when told to go to sleep Adults ponder it when faced with the demands of the workplace the family or their own emotions and addictions We find ourselves always poised between freedom and necessity In this volume her most profound and carefully argued phenomenology of human creativity Edith Stein explores the interplay of causal constraints and motivated choices She demonstrates that physical events and physiological processes do not entirely determine behavior the energy deployed for living and creativity exceeds what comes to us through physical means The human body is a complex interface between the material world and an equally real world of personal value The body opens as well to community Stein shows that strictly speaking there is no such thing as a solitary human being Communities are reservoirs of the meaning and value that fuel both our everyday choices and our once in a lifetime accomplishments This basic fact she argues is the starting point for any viable political or social theory The two treatises in this book comprise her post doctoral dissertation that Stein wrote to qualify for a teaching job at a German university just after the First World War They ring with the joy hope and confidence of a brilliant young scholar Today they continue to challenge the major schools of twentieth century psychology and cultural studies particularly psychoanalytic theory and behaviorism Here too is the intellectual manifesto of a woman who would go on to become a Christian and a Carmelite nun only to be killed at Auschwitz like so many others of Jewish ancestry *Hedwig Conrad-Martius and Edith*

Stein: Philosophical Encounters and Divides Antonio Calcagno, Ronny Miron, 2022-11-03 This book focuses on the unique philosophical relationship between Hedwig Conrad Martius and Edith Stein. The two phenomenologists discussed and debated insights and ideas about the nature of the soul, phenomenology, personhood, and individuality, animal life, nature, being, and God. This book brings together for the first time leading international scholars of phenomenology to explore the philosophical exchange between both Conrad Martius and Stein. This is an important book for understanding the development of the phenomenological movement and key phenomenological ideas and methods. It provides a critical and comprehensive overview of the key issues that helped frame both phenomenologists' philosophical trajectories. Additionally, the ideas of Conrad Martius and Stein are mined to address contemporary questions surrounding such topics as personal identity, animal versus human personhood, contemporary atheism, and the relationship between religion and science. The book will have great appeal to phenomenologists, philosophers, and historians of philosophy.

The Routledge Handbook of Phenomenology of Emotion Thomas Szanto, Hilge Landweer, 2020-04-22 The emotions occupy a fundamental place in philosophy, going back to Aristotle. However, the phenomenology of the emotions has until recently remained a relatively neglected topic. The Routledge Handbook of Phenomenology of Emotion is an outstanding guide and reference source to this important and fascinating topic. Comprising forty-nine chapters by a team of international contributors, this handbook covers the following topics: historical perspectives including Brentano, Husserl, Sartre, Levinas, and Arendt; contemporary debates including existential feelings, situated affectivity, embodiment, art, morality, and feminism; self-directed and individual emotions including happiness, grief, self-esteem, and shame; social emotions including sympathy, aggressive emotions, collective emotions, and political emotions; borderline cases of emotion including solidarity, trust, pain, forgiveness, and revenge. Essential reading for students and researchers in philosophy, studying phenomenology, ethics, moral psychology, and philosophy of psychology. The Routledge Handbook of Phenomenology of Emotion is also suitable for those in related disciplines such as religion, sociology, and anthropology.

Self-Portrait In Letters, 1916-1942 (The Collected Works of Edith Stein, vol. 5) Edith Stein, 2016-08-09 Edith Stein comes alive through these warm, totally attentive letters. She joins a deeply sensitive heart with her keen intelligence, revealing herself to be a wise mentor and a caring friend, available to anyone who approached her. Here we learn what was truly important to her: the total well-being of those who treasured her letters enough to preserve them, even while suffering the havoc of war and oppression. This volume offers the first English translation of the majority of her surviving letters, with 4 photos and a fully linked index of recipients.

The Routledge Handbook of Phenomenology and Phenomenological Philosophy Daniele De Santis, Burt C. Hopkins, Claudio Majolino, 2020-08-24 Phenomenology was one of the twentieth century's major philosophical movements, and it continues to be a vibrant and widely studied subject today, with relevance beyond philosophy in areas such as medicine and cognitive sciences. The Routledge Handbook of Phenomenology and Phenomenological Philosophy is an outstanding guide to this important and fascinating topic. Its focus on phenomenology

s historical and systematic dimensions makes it a unique and valuable reference source. Moreover, its innovative approach includes entries that don't simply reflect the state of the art but in many cases advance it. Comprising seventy-five chapters by a team of international contributors, the Handbook offers unparalleled coverage and discussion of the subject and is divided into five clear parts: Phenomenology and the history of philosophy; Issues and concepts in phenomenology; Major figures in phenomenology; Intersections; Phenomenology in the world. Essential reading for students and researchers in philosophy studying phenomenology, *The Routledge Handbook of Phenomenology and Phenomenological Philosophy* is also suitable for those in related disciplines such as psychology, religion, literature, sociology, and anthropology.
