**Sons and Lovers** D H Lawrence, 2021-01-02 Sons and Lovers Lawrence's third book is an apprenticeship novel that in many respects defies the conventions of its genre Among early twentieth century English apprenticeship novels that preceded Lawrence's work the main character usually undergoes an education or apprenticeship toward a meaningful life experience As part of his or rarely her apprenticeship the protagonist begins with innocent often mistaken notions about the nature of reality only after some painful experiences does he grow to mastery in the game of life Specifically he learns valuable lessons about himself especially his limitations and illusions but by the completion of his youth he often can answer three questions What is the nature of love What vocation is appropriate for me What is the meaning of life In contrast with the main characters in earlier apprenticeship novels or in subsequent ones Paul Morel Lawrence's protagonist fails to find answers to any of these questions By the end of his life apprenticeship he has learned only that he is incapable of intense sexual feelings to sustain a relationship with a young woman that he lacks a true vocation for his considerable talents and that he cannot fathom the meaning of life except narrowly in terms of his own sensibility
