The Castration Complex Mou Sultana, 2018-04-19 This book illustrates that the Castration Complex and the question of the distinction between the sexes are enmeshed in psychoanalytic theories The subjective negotiation of this distinction impacts the future sexual positions taken up or not by the subject indicating that human sexuality is by no means a given or a natural occurrence in psychoanalysis Engagement with the psychoanalytic

theory of castration provides the reader with a different perspective on the current society's insistence on gradually dissolving the differences between the sexes. For Freud, castration complex is the key to understanding the psychological consequences of the anatomical distinction between the sexes. For Lacan, castration introduces the subject to his/her very existence as a sexed being. Mou Sultana illustrates how these two revolutionary theorists came to such conclusions by close reading of the core texts, interpreting them and highlighting their relevance both within and outside the clinic of modern times.

Angoisse et complexe de castration, 1991-01-01 *Le complexe de castration*, 1978* *L'angoisse de castration de la femme* Sándor Radó, 2014-10-01 Sándor Radó est l'un des représentants importants de la première génération des psychanalystes viennois. Aucun de ses ouvrages n'avait jusqu'ici été traduit en français. L'angoisse de castration n'a pas la même origine, la même phénoménologie et le même destin chez le garçon et chez la fille. De ce point de vue, Sándor Radó entend rester fidèle à la doctrine de Freud tout en l'enrichissant. Sándor Radó anticipe d'une certaine manière les idées de Lacan sur les formules de la sexualité. 1972 *The Jesus Complex* Daniel Adolph Huebsch, 1930 *Formes*, 1929 **Castration and Male Rage** Eugene Monick, 1991 Scholarly yet lyrical and informed by both Jungian and Freudian theory, this worthy sequel to the author's Phallos title 27 maps the insecurities and unconscious forces which from early life prompt men to violence and proposes powerful countermeasures.

Revue française de psychanalyse, 1927 *The Psychoanalytic Review*, 1926 [La personnalité du génie artiste ...](#) Victor J. Jonesco, 1929 *Psychoanalysis and Paediatrics* Françoise Dolto, 2018-05-08 This book is the author's 1939 medical thesis and is dedicated to medical practitioners, paediatricians and parents without prior knowledge of psychoanalysis. The author's aim was to sensitise people to the unconscious dimensions of many problems in children. She demonstrates here through sixteen case studies how often children's difficulties at school and at home be they behavioural or due to impaired learning abilities are the expression of psychological issues linked with their developing sexuality and castration anxiety and result in physical symptoms such as enuresis and encopresis. The author points out that the awareness of the self and self-responsibility often develops for young people in families in which the parents do not know how to listen or even more importantly cannot be listened to with trust. There is also a summary of Freud's theories of the different stages of the evolution of the drives as well as the central developmental role played by the castration complex, castration anxiety and the Oedipus Complex.

Contre Freud Jean Bodin, 1926 [Freudian Dictionary](#) José Valls, 2019-05-07 The Freudian Dictionary provides a comprehensive and accessible guide to essential Freudian terms and concepts. Organized conceptually, the book is grounded in detailed and meticulous readings and covers the full range of Freud's writings and subjects. It also provides an overview of the development, vicissitudes and syntheses of Freud's unique lines of thought. Contemporary developments in psychoanalytic thought have aspired to surpass their Freudian origins. But this comprehensive guide to Freud's work provides a touchstone for those wishing to clarify these roots and the foundations of the discipline itself. It will be a valuable companion to psychoanalysts in practice and training across a range of schools as

well as a reference work for sociologists artists philosophers historians and other scholars
