A Guide To Zionism:

A Guide to Zionism Jessie Ethel Sampter,1920 *A Guide to Zionism* Jessie Ethel Sampter,2015-06-25 Excerpt from A Guide to Zionism A Guide to Zionism appears at the instant when it has been announced that the Supreme Council at San Remo has decided that Great Britain is to be the mandatory power for Palestine to develop it as the Jewish homeland At any moment the Treaty of Peace with Turkey may be signed to signalize for the scattered millions of Jews the end of exile the beginning of a new era of constructive effort For a while our feelings will be too intense for easy expression and the necessary perspective lacking for a complete account of the epochal happenings of the past year It has therefore been deemed inadvisable to make a complete revision of the text although Miss Sampter s departure for Palestine has delayed the publication of the volume and she would now perhaps desire to make certain changes In its essentials the editor s work is still the most recent and the most complete essay on Zionism ever published in America and as such will do valuable service A large number of devoted Zionists have helped see the volume through the press and a hearty but entirely inadequate expression of appreciation is here made to every one of them About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works [A Guide to Zionism \(Classic Reprint\)](#) Jessie Ethel Sampter,2018-01-10 Excerpt from A Guide to Zionism It is almost four years since the publication of A Course in Zionism the first attempt at a Zionist textbook and that book is now out of date as well as out of print With all its imperfections its purpose has been achieved In its Introduction we read that the book necessarily suffers from many defects that should be corrected in a later edition That is its achievement It has deserved a second edition About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Baer Berkson,1920 **Jewish Philosophy and the Crisis of Modernity** Leo Strauss,2012-02-01 This is the first book to bring together the major essays and lectures of Leo Strauss in the field of modern Jewish thought It contains some of his most famous published writings as well as significant writings which were previously unpublished Spanning almost 30 years of continuously deepening reflection the book presents the full range of Strauss s contributions as a modern Jewish thinker These essays and lectures also offer Strauss s mature considerations of some of the great figures in modern Jewish thought such as Baruch Spinoza Hermann Cohen Franz Rosenzweig Martin Buber Theodor Herzl and Sigmund Freud They also encompass his incisive analyses and original explorations of modern Judaism which he viewed as caught in the grip of the theological political crisis from German Jewry anti Semitism and the Holocaust to Zionism and the State of Israel from the question of assimilation to the meaning and value of Jewish history In addition Strauss s two sustained interpretations of the Hebrew Bible are also reprinted These essays and lectures cumulatively point toward the postcritical reconstruction of Judaism which Strauss envisioned suggesting it rebuild along Maimonidean lines Thus the book lends credence to the view that Strauss was able to uncover and probe the crisis at the heart of modern Jewish thought and history perhaps with greater profundity than any other contemporary Jewish thinker The United States Catalog ,1921
