someone who'll match my time and effort I haven't found a serious and decent guy who wants more than a hookup Women don't appreciate good men Something out of my control prevents things from going further I haven't met a guy whose character I can trust I held onto someone for years hoping they would change I don't trust myself to make good decisions Although in recent years dating has seemingly become an exercise in futility and outside factors beyond our control play a part in the lack of success we experience as daters the truth is we as individuals have made it much harder on ourselves if not more so than the dating world has on us When we take a step back and look at society as a whole we find that failing to connect to ourselves and to others in a meaningful way is our biggest problem And nowhere is this more apparent than in the sub-section of society known as the available singles pool Those that are actively swimming in its turbulent waters are having a difficult time making sense of what they are seeing hearing and experiencing so it's not surprising that dating has become a casualty of the dysfunctional society of the present day But there are things you can do to making your personal dating life a more pleasurable enjoyable and ultimately successful endeavor In the first part of this book Vince Guaglione takes a deep dive into the issues that plague today's dating world how those issues affect the entire dating community and how they have created an environment that has resulted in dating being held in such low regard by those who are currently immersed in it The second part of the book offers up helpful advice tips and strategies for navigating the current dating world and provides guidance on how to make effective and efficient use of your dating time and effort while providing some simple and effective concepts which when implemented will set you up for dating success If you're single and are trying to make sense of the dating world you will find something of value within these pages It's a guide that will provide insight into what's really going on in the dating pool and will aid you in creating a solid plan for remaining afloat

Confessions of a Middle-Aged Short Guy with No Game Vince Guaglione, 2018-08-05 Dating in 2018 is difficult for many singles but if you re a short average looking middle aged guy with no real game it s even harder to get the attention of single women The average Joe is considered to be vanilla or bland and doesn t stand out in a crowd He doesn t have any outwardly discerning high value qualities and that makes it difficult for him to thrive in a competitive dating world one where his opportunities are sometimes limited It s difficult for average guys to figure out why they aren t having the success they desire but when taking that hard look in the mirror they can t help give more than a passing thought to what they have always suspected to be the truth It has to be me If you ve ever heard a woman say I m sorry but I don t date anyone shorter than me I need a really strong guy I mean you re not jerk and all and that s a good thing but You aren t the type of guy I d normally go out with You re such a nice guy but I think we d be better as friends then this is a must read As men we are not expected to feel or show emotion especially when it comes to dating and handling rejection But deep inside we worry just as much as women about how we are perceived After repeated rejections our emotions overwhelm us We feel

upset hurt frustrated dejected helpless and have many times asked ourselves silently Is it really me It most certainly is But there is hope In this book Vince Guaglione authentically shares his less than optimal real world dating experiences as a short average looking guy with no real game goes on a fact finding mission to learn what qualities truly matter to single women and investigates both the social aspects of the singles world and the dynamics between the sexes in an effort to learn what they reveal about dating as a whole It s a book that empathizes with the plight of the average Joe It lends an ear provides support offers encouragement and dispenses concrete advice But most of all it gives this problem context for guys who have always suspected that their height looks and lack of game has negatively impacted their dating lives Written primarily for the average Joe who struggles to attract dates it also is relevant for those who are interested in understanding the real issues faced by these guys while navigating the sometimes turbulent and uncharted waters of the dating pool
