Holistic Sustainability Through Craft-Design Collaboration Rebecca Reubens,2019-05-07 This book explores the intersection of craft design and sustainability in the developing world It argues that most sustainable design approaches and efforts fall short of implementing holistic sustainability and in order to reach this goal design must be underpinned by alternatives to the mainstream technology intensive industrial design paradigm Renewable materials such as bamboo cork and hemp which are abundantly available in the developing world have the potential to be a viable resource base for sustainable development Current sustainable design initiatives and approaches already recontextualize these materials using industrial techniques and technologies However these efforts fall short of impacting holistic sustainability and tend to focus on the ecological aspect This book offers the development of one alternative to design for holistic sustainability called the Rhizome Approach which draws on existing sustainability praxis and craft Holistic Sustainability Through Craft Design Collaboration includes customizable tools which aim to empower designers to guide and evaluate their own designs Through these tools and the Rhizome Approach in general the book aims to enable designers and students of design to move beyond green and sustainable design to holistic sustainability design *Canadian Journal of Civil Engineering* ,2003 [Index to IEEE Publications](#) Institute of Electrical and Electronics Engineers,1997 [Federal Register](#) ,1997-06-26 *Traffic Engineering & Control* ,1998 **Aanwinsten van de Centrale Bibliotheek (Queteletfonds)** Bibliothèque centrale (Fonds Quetelet),1998 **Scientific and Technical Aerospace Reports** ,1980 Lists citations with abstracts for aerospace related reports obtained from world wide sources and announces documents that have recently been entered into the NASA Scientific and Technical Information Database [Forthcoming Books](#) Rose Army,1998 [Government Reports Annual Index](#) ,1977 Sections 1 2 Keyword Index Section 3 Personal author index Section 4 Corporate author index Section 5 Contract grant number index NTIS order report number index 1 E Section 6 NTIS order report number index F Z **Exceptional Child Education Resources** ,1992 **Bibliography of Nautical Books** Alan Obin,2000-02 This is the 15th annual edition of the Bibliography of Nautical Books a reference guide to over 14 000 nautical publications It deals specifically with the year 2000 **Transportation...
