Royal Commission on the Metropolitan Police,Great Britain. Royal Commission upon the Duties of the Metropolitan Police,1908 *Gathering to Save a Nation* Stephen D. Engle,2016-09-13 In this rich study of Union governors and their role in the Civil War Stephen D Engle examines how these politicians were pivotal in securing victory In a time of limited federal authority governors were an essential part of the machine that maintained the Union while it mobilized and sustained the war effort Charged with the difficult task of raising soldiers from their home states these governors had to also rally political economic and popular support for the conflict at times against a backdrop of significant local opposition Engle argues that the relationship between these loyal state leaders and Lincoln s administration was far more collaborative than previously thought While providing detailed and engaging portraits of these men their state level actions and their collective cooperation Engle brings into new focus the era s complex political history and shows how the Civil War tested and transformed the relationship between state and federal governments **Modern Marketing Service, Inc.
