The Process of Economic Development in Australia William Angus Sinclair,1976 The Economic Development of Australia Alan George Lewers Shaw,1946 **Regional Development in Australia** Robyn Eversole,2015-12-22 In Australia regions are not just geographic locations they are also cultural ideas Being regional means being located outside the nation s capital cities and in the periphery of its centres of power and influence Regional development in Australia is thus significantly different than its European or American counterparts However surprisingly little has been written about the unique dynamics of development in Australia s regions this book has been written to fill this gap In recent decades the Australian government has made repeated policy efforts to achieve sustainable development in its non metropolitan areas Over the same period those who live and work outside the nation s capital cities have come to identify as regional Australians This book takes an anthropological approach to understanding the particularities of regional development in Australia It draws upon rich on the ground observations of towns industries universities development organisations and communities across different settings to provide an in depth understanding of the subject This book will be of interest to researchers and practitioners concerned with regional development and policy Official Year Book of the Commonwealth of Australia Australia.
