*Two Science Fiction Adventures* John Jakes, 2012-07-31 Two visions of the world gone mad from master storyteller John Jakes In *On Wheels* the United States has become so overpopulated that a tenth of its people have no home Instead they spend their lives on the highway With all of the dangers of the road dropping below forty miles per hour would mean certain death even for men like Billy Spoiler The clans of the open road spend their lives battling each other for control of the freeway and the Spoilers are no exception They never give up never pull over and never take their hand off the throttle On the colony world of *Six Gun Planet* cowboys ride robot horses In an effort to escape the corrupting influence of technology the people of this strange isolated world they call Missouri have reset the clock to 1880 building a civilization of main streets saloons and bordellos where it is always high noon Reluctant gunslinger Zak Randolph thinks the whole set up is ridiculous but he goes along with it because there s good money in playing the part of a western hero When notorious gunslinger Buffalo Yung challenges him to a duel though Zak gets serious Missouri s horses may be fake but its bullets are definitely real This ebook bundle features an illustrated biography of John Jakes including rare images from the author s personal collection
