

Early Language Intervention: An Introduction by Linda McCormick & Richard L. Schiefelbusch. Columbus, OH: Charles E. Merrill, 1982. 420 pages. Hardcover, \$27.95

The proliferation of studies concerning the acquisition of language in normally developing children has provided a broad theoretical information base for educators and clinicians who work with children delayed and/or deficient in language skills. However, the scientific advancements in the areas of developmental psycholinguistics, sociolinguistics, neurolinguistics, and related disciplines during the past two decades have resulted in a widening chasm between theory and practice.

Few authors have attempted to synthesize theoretical and applied information in the areas of child language development and disorders. It is with this intent that the book, *Early Language Intervention: An Introduction*, was written. The book is also unique in the sense that it represents a collaborative effort between a special educator and a speech-language pathologist. The first author, Linda McCormick, is currently an associate professor of special education at the University of Hawaii with professional training in early language acquisition and preschool intervention. The co-author, Richard Schiefelbusch, is professor of speech-language-hearing at the University of Kansas. In addition to material written by McCormick and Schiefelbusch, the book contains several chapters on specific topics related to language assessment and intervention that are written by other specialists in the area of child language disorders. Primarily, the book focuses on the
