**Fractured** Jared Weppelman,2011-08-01 Why would a girl be trapped in a burning building with her baby brother Why would a student be tempted to burn his classmate to death In the silence that separates this world from any other a crack has appeared And it is that crack that calls together a fighter a tactician a swordsman a magician and an expert Together they must face impossible odds if anyone is to survive But beneath the issues another problem burns The allure of power is sometimes to great even for the strongest of heart

**Hollywood 9/11** Tom Pollard,2015-12-03 The terrorist attacks of September 11 2001 and the subsequent US led invasions of Afghanistan in 2001 and Iraq in 2003 profoundly affected all aspects of society including cinema Or did they Even now years after those horrific events debate still rages over their impact on films At the time many expected Hollywood to tamp down graphic movie violence while others hoped that filmmakers would finally lay bare volatile socio political issues fuelling terrorist attacks In fact what has emerged is a thicket of darkly pessimistic genres including thrillers combat films sci fi and horror that makes pre 9 11 films appear naive and optimistic Hollywood 9 11 explores this transformation critically examining everything from Harry Potter and the Half Blood Prince to The Hurt Locker and placing the films in the context of both the socio political scene and the history of cinema

**COWS on the MOOVE** Old Man Crowe,2013-08-22 Welcome to a Paradelle Universe where rigid rules are transcended and creative imagination discovers ever surprising potentialities A universe where formalized and uncompromising poetic structures succumb to a radicalized deconstruction of their basic elements then reconstructed through an almost word by word re ordering and reinvention of the poems original meaning images and intent The Paradelle is a form of poetry whose time is now a time of stagnating social theories fossilized religious traditions and a political system paralyzed by its own impossibilities A time of constant unrelenting change and adaptation of innovative ideas reconfiguring outdated concepts and beliefs of individual and collective human consciousness expanding beyond existing borders and horizons A Paradelle reflects this evolving planetary process in the fundamental reinvention of itself never exactly certain of where its going or how it will get there yet always managing to arrive at the coherent conclusion of its revealed destination Even then the Paradelle refuses to become a static statement of all that has been said and done The poem learns from each rewriting how to speak for itself All that a Paradelle asks for is a fair hearing To be given a voice for the blessing of living breath

*Subversive Semantics in Political and Cultural Discourse* Gesa Mackenthun,Jörn Dosch,2023-09-01 The large scale use of semantic transfer and inversion as rhetorical tactics is particularly prevalent in right wing discourses and populist alternative knowledge production The contributors to this volume analyze processes of re semanticizing received meanings effectually re coding those meanings They investigate to what extent rhetorical maneuvers serve to establish new and powerful belief systems beyond rational and democratic control In addition to the contemporary rightwing and conspiracy narratives the contributions examine the discursive fields around conceptions of human nature and the deep past population politics gender
