**Singularities** Andre Lepecki, 2016-06-17 How does the production of performance engage with the fundamental issues of our advanced neo capitalist age Andr Lepecki surveys a decade of experimental choreography to uncover the dual meaning of performance in the twenty first century not just an aesthetic category but a mode of political power He demonstrates the enduring ability of performance to critique and subvert this power examining this relationship through five singularities in contemporary dance thingness animality persistence darkness and solidity Exploring the works of Mette Ingvartsen Yvonne Rainer Ralph Lemon J r me Bel and others Lepecki uses his concept of singularity the resistance of categorization and aesthetic identification to examine the function of dance and performance in political and artistic debate **The pilgrim's**

**Expanding Fields of Architectural Discourse and Practice** Matthew Butcher, Megan O'Shea, 2020-11-27 Expanding Fields of Architectural Discourse and Practice presents a selection of essays architectural experiments and works that explore the diversity within the fields of contemporary architectural practice and discourse Specific in this selection is the question of how and why architecture can and should manifest in a critical and reflective capacity as well as to examine how the discipline currently resonates with contemporary art practice It does so by reflecting on the first 10 years of the architectural journal P E A R 2009 to 2019 The volume argues that the initial aims of the journal to explore and celebrate the myriad forms through which architecture can exist are now more relevant than ever to contemporary architectural discourse and practice Included in the volume are architectural practitioners design researchers artists architectural theorists historians journalists curators and a paleobiologist all of whom contributed to the first seven issues of the journal Here they provide a unique presentation of architectural discourse and practice that seeks to test new ground while forming distinct relationships to recent and more longstanding historical legacies Praise for Expanding Fields of Architectural Discourse and Practice The story told by the authors of this work can thus be considered as the central tool of an architectural transgression Critique d art *A Library of Famous Fiction*, 1873 *Time* Briton Hadden, Henry Robinson Luce, 1924 Reels
