

A training game for dogs who are **FEARFUL, ANXIOUS, or FRUSTRATED** around a specific trigger such as another dog, person, or sound. The goal is to first decrease the dog's fear/anxiety/frustration and then to teach the dog a new safe and appropriate behavior to do instead.

PREP:

- High value treats
- Clicker (or verbal marker)
- Humane harness or collar
- Practice fast u-turns by luring your dog with a treat on his nose, or tossing "find-it" treats on the ground as you both walk away quickly in the opposite direction.

- Take a break if you see subtle stress signals (displacement behaviors) such as excessive lip licking, yawning, or scratching.

PLAY FOR 1-5 MINUTES. TAKE A BREAK. REPEAT.

LEVEL 1: ENGAGE

- 

1 Start at a safe distance away from the trigger, where your dog is not reacting. Be quiet and still so your dog notices the trigger on his own.
- 

2 At the precise moment your dog **ENGAGES** by looking at the trigger, **CLICK!**
- 

3 When your dog turns his head towards you after the click, feed a treat. If your dog reacts or is not turning back to you after the click, move further away from the trigger to reset at an easier distance.

LEVEL 1 GOAL:

To do at least 3-5 repetitions in a row at the same distance before moving on to LEVEL 2. A successful repetition is when your dog immediately turns back to you after the click.

If the trigger is moving or changing in intensity, keep playing LEVEL 1 until your dog has calmly looked at (or engaged with) the trigger from every direction. Then move on to LEVEL 2.

LEVEL 2: DISENGAGE

- 

1 Let your dog notice the trigger again, but now wait 1-5 seconds to see if he will offer to **LOOK AWAY** from the trigger on his own. If your dog is fixating on the trigger for longer than 5 seconds, **GO BACK** to LEVEL 1.
- 

2 At the precise moment your dog **DISENGAGES** by looking away from the trigger, **CLICK!**
- 

3 After the click, feed a treat. If your dog reacts or is not turning back to you after the click, move further away from the trigger to reset at an easier distance.

LEVEL 2 GOAL:

To do at least 3-5 repetitions in a row before moving 1-5 steps closer to the trigger. A successful repetition is when your dog comfortably disengages with the trigger on his own.

As you move closer, keep playing LEVEL 2 if the trigger is not moving or changing in intensity. If the trigger is moving or changing in intensity, go back to LEVEL 1 at the new distance.

Basic Dog Training
