Alternative Detective:

The Alternative Detective Robert Sheckley, 2014-04-01 It's the twenty first century and the ugliness of war no longer exists except on a very personal level Nowadays people like Marcello Polletti seller of Roman sunsets and Caroline Meredith lithe beautiful blond and backed by corporate sponsors and the Roy Bell Dancers hunt chase and kill one another for sport and for the entertainment of the masses until something oddly like personal human feelings pops up to confuse the players and up the stakes as each of them seeks to kill a tenth victim and rise in the ranks of the hunters From the very beginning of his career Robert Sheckley was recognized by fans reviewers and fellow authors as a master storyteller and the wittiest satirist working in the science fiction field Open Road is proud to republish his acclaimed body of work with nearly thirty volumes of full length fiction and short story collections Rediscover or discover for the first time a master of science fiction who according to the New York Times was a precursor to Douglas Adams [The Alternative Detective](#) Sheckley Robert, 2005-07 The first adventure of Hob Draconian the Alternative Detective Hob started the Alternative Detective Agency in order to avoid regular hours It's a career move typical of Hob He first moved to the Mediterranean resort island of Ibiza as a hippie during the Summer of Love has spent most of the last 3 decades hanging out there taking life easy But looming destitution has chased Hob back to the U S where the culture shock his ex wife are making him miserable Then Hob gets a call Five custom sailboards have gone missing back on Ibiza Not his usual sort of case but he's happy to return to Europe is soon in the middle of something serious real criminals with real guns that tend to end up pointed in Hob's direction A mystery with a comic heart *Draconian New York* Robert Sheckley, 2014-04-01 The acclaimed author of *The Alternative Detective* returns with another twisting tale that combines ironic wit with suspense to remarkable effect John le Carr Though he was born in America Hob Draconian feels much more at home on the sunny sands of Ibiza But the easygoing life of this twenty first century hippie is turned upside down when he learns that rented island refuge is about to be sold for redevelopment In need of some quick cash to save his home Hob returns to the Alternative Detective Agency and boy do they have a job for him Escorting an aspiring model from New York to Paris sounds like a delightfully easy way to make ten grand If only he thought to ask why the gig pays so well In short order Hob finds himself embroiled in a criminal plot full of double crosses From the very beginning of his career Robert Sheckley was recognized by fans reviewers and fellow authors as a master storyteller and the wittiest satirist working in the science fiction field Open Road is proud to republish his acclaimed body of work with nearly thirty volumes of full length fiction and short story collections Rediscover or discover for the first time a master of science fiction who according to the New York Times was a precursor to Douglas Adams *Alternate History* Kathleen Singles, 2013-10-14 While strictly speaking Alternate Histories are not Future Narratives their analysis can shed a clear light on why Future Narratives are so different from past narratives Trying to have it both ways most Alternate Histories subscribe to a conflicting set of beliefs concerning determinism and freedom of choice contingency and necessity

For the very first time Alternate Histories are here discussed against the backdrop of their Other Future Narratives The volume contains in depth analyses of the classics of the genre such as Philip K Dick s The Man in the High Castle and Philip Roth s The Plot against America as well as less widely discussed manifestations of the genre such as Dieter K hn s N Christian Kracht s Ich werde hier sein im Sonnenschein und im Schatten and Quentin Tarantino s film Inglourious Basterds

The Detective's Handbook John A. Eterno,Cliff Roberson,2017-08-09 The Detective s Handbook details the vital information law enforcement officers need to know to become better detectives Since all essential aspects of detective work cannot be covered in a single volume the editors have selected 20 of the most critical issues detectives face in their day to day work and present them in separate chapters Using a A Companion to the Modern American Novel, 1900 - 1950 John T.
