Almost Hell:

Area 187 - Almost Hell Eric R. Lowther,2011-05-31 In the year 2007 an accident at a clandestine U S government facility in rural West Virginia releases several test subjects infected with a necrotic virus Within weeks the U S military and the Department of Homeland Security are forced to declare the bulk of the state under quarantine Seven years pass Conspiracies continue to thrive outside the now immense defensive wall and fortifications and mercenaries known as grave robbers regularly slip in and out of the Area stealing valuables and taking contracts to bring back specific items for well paying customers Our story follows Josephine Terrell a television reporter and John Heath once an Air Force search and rescue team leader that escaped the Area after five years of fruitless searching for his wife as they risk their lives from both the dead and the living inside Area 187 to rescue a group of survivors **Almost Hell** Rebecca Burdette,Rebecca G Burdette M

Bruce Durbin,2002-07-03 Heaven or Hell When we are born into this world we begin to run around the spiritual reality of Heaven and Hell Satan is constantly nipping at our heels ever wanting to drag us into the eternal depths of torment Hell while God and the Saints in Heaven watch every praying that we find safety in Heaven When the waves upon waves of despair crash over you drowning you in feelings of hopelessness Satan would come to you and whisper Nobody loves you Nobody cares When you feel like you re standing alone facing a seemingly unconquerable enemy look behind you You will see the Saints that have went before You will see the people who hold you in their prayers You will see the love of God *Angel*

taking the point of view of the universe tell us about ethics The great nineteenth century utilitarian Henry Sidgwick used this metaphor to present what he took to be a self evident moral truth the good of one individual is of no more importance than the good of any other Ethical judgments he held are objective truths that we can know by reason The ethical axioms he took to be self evident provide a foundation for utilitarianism He supplements this foundation with an argument that nothing except states of consciousness have ultimate value which led him to hold that pleasure is the only thing that is intrinsically good Are these claims defensible Katarzyna de Lazari Radek and Peter Singer test them against a variety of views held by contemporary writers in ethics and conclude that they are This book is therefore a defence of objectivism in ethics and of hedonistic utilitarianism The authors also explore and in most cases support Sidgwick s views on many other key questions in ethics how to justify an ethical theory the significance of an evolutionary explanation of our moral judgments the choice between preference utilitarianism and hedonistic utilitarianism the conflict between self interest and universal benevolence whether something that it would be wrong to do openly can be right if kept secret how demanding utilitarianism is whether we should discount the future or favor those who are worse off the moral status of animals and what is an optimum population
