Audubon Society's archival copy of the rare Double Elephant Folio. Although many attempts have been made to re-create the splendid illustrations in Audubon's masterpiece, nothing has ever equaled the level of fidelity achieved in this luxurious edition. Organized and annotated by Roger Tory Peterson and Virginia Marie Peterson and issued with the full endorsement and cooperation of the Audubon Society, this volume is as informative as it is beautiful. Its fascinating introduction places Audubon in the context of the history of American ornithological art and also reproduces a wide sampling of the work of his notable predecessors and disciples, including Roger Tory Peterson's own rightfully famous paintings. A new systematic arrangement of the prints, following the modern classification of species and descriptive captions about each bird, allow us to appreciate Audubon's achievement in the light of modern ornithology.
