Between Past And Present

Roberto Poli

Between Past And Present:

Key Metaphors for History Javier Fernández-Sebastián, 2024-04-03 This book casts a fresh look at what to date has been a relatively unexplored question the enormous value and usefulness of the metaphor in the understanding and writing of history and at the historical culture reflected by these metaphors Mapping a wide range of tropes present in historiography and public discourse the book identifies some of the key metaphorical resources employed by historians politicians and journalists to represent time history memory the past the present and the future and examines a selection of analytical concepts of a temporal nature built upon unmistakably metaphorical foundations such as modernity event process revolution crisis progress decline or transition The analysis of these and other pillars on which modern history has been built whether as a philosophy of history as an academic discipline or as a set of events will interest graduates and scholars dealing with the historical and social sciences and the humanities in general Key Metaphors for History offers a broad overview of historiography and historiosophy from an unfrequented point of view halfway between conceptual history theory of history and metaphorology Moreover it constitutes a form of self reflection of the historian on his or her own positionality when researching and writing history

Introduction to Anticipation Studies Roberto Poli, 2017-08-28 This book presents the theory of anticipation and establishes anticipation of the future as a legitimate topic of research It examines anticipatory behavior i e a behavior that uses the future in its actual decisional process The book shows that anticipation violates neither the ontological order of time nor causation It explores the question of how different kinds of systems anticipate and examines the risks and uses of such anticipatory practices The book first summarizes the research on anticipation conducted within a range of different disciplines and describes the connection between the anticipatory point of view and futures studies Following that its chapters on Wholes Time and Emergence make explicit the ontological framework within which anticipation finds its place It then goes on to discuss Systems Complexity and the Modeling Relation and provides the scientific background supporting anticipation It restricts formal technicalities to one chapter and presents those technicalities twice in formal and plain words to advance understanding The final chapter shows that all the threads presented in the previous chapters naturally converge toward what has come to be called Discipline of Anticipation

Indigenous Activism in the Midwest Margret McCue-Enser, 2025-09-01 In *Indigenous Activism in the Midwest Refusal Resurgence and Resisting Settler Colonialism* Margret McCue Enser examines how Minnesota Indigenous activists use public memory sites to interrupt and challenge the dominant narrative of place She explores how Indigenous activism reveals and disrupts material discursive and performative rhetorics of settler colonialism This work cultivates the ground between rhetorical studies of place and space and Indigenous studies in which place is central to Indigeneity and activism Using largely in situ analysis and drawing on Indigenous and rhetorical scholarship as well as Indigenous and mainstream press the analysis focuses on sites such as an outdoor art installation a historic settlers village centennial and sesquicentennial farms

and a celebrated military fort Hidden in Historicism Harry Jansen,2020-06-10 Hidden in Historicism considers how the nineteenth century philosophy of historicism depicts three forgotten time regimes a time of rise and fall an ambiguous time of synchronicity of the non synchronous and a time in which decisive moments dominate Before the eighteenth century time was past oriented This inverted in the Enlightenment when the future became dominating Today this time of progress continues to be embraced as a time of the modern Yet inequality increasing violence and climate change lead to doubts over a bright future In this book Harry Jansen moves away from the heritage of Reinhart Koselleck and his single time of the modern towards a historicist threefold temporal approach to history writing In the time regime of the twenty first century past present and future coexist It is a heterogeneous time that takes on the three forms of historicism Jansen s study shows how all three times exist together in current historiography and contribute to a better understanding of the world today Based on the idea that an incarnated time rules everything that happens it reality the book offers a fresh perspective on the ongoing discussion about time and time regimes in contemporary philosophy and theory of history for students and scholars both time specialists and the non specialist **The Routledge Companion to Philosophy of Time** Nina Emery,2025-09-30 The Routledge Companion to Philosophy of Time is a comprehensive and authoritative guide to a growing subfield of philosophical research which spans traditional and contemporary debates about the nature of time as well as a diverse set of historical geographical and cultural contexts This book also highlights the interdisciplinary connections between philosophy of time and nearby fields including history physics psychology cognitive development and more Comprising 50 chapters by a diverse team of contributors from all over the globe the Companion is divided into five parts I History of Philosophy of Time II Contemporary Metaphysics of Time III Time and Physics IV Time and Mind V Further Connections The volume is essential reading for students and researchers of philosophy who are interested in exploring the philosophical issues related to time It is also a valuable resource for philosophers in adjacent subfields including philosophy of mind philosophy of physics and history of philosophy as well as researchers in related fields in the sciences and social sciences Philosophical Magazine ,1925 Time and Space, Second Edition Barry Dainton,2010-01-01 Surveying both historical debates and modern physics Barry Dainton evaluates the central arguments in a clear and unintimidating way that keeps conceptual issues comprehensible to students with little scientific or mathematical training and makes the philosophy of space and time accessible to anyone trying to come to grips with the complexities of this challenging subject With over 100 original line illustrations and a full glossary of terms Time and Space keeps the requirements of students firmly in sight and will continue to serve as the ideal textbook for philosophy of time and space courses A Commentary on the Holy Scriptures: Ezekiel Johann Peter Lange,1876 **Philosophical Foundations for a Christian Worldview** J. P. Moreland,William Lane Craig,2003-03-31 Arguments are clearly presented and rival theories are presented with fairness and accuracy BOOK JACKET The Magazine of American History with Notes and Queries John Austin Stevens,Benjamin

Franklin DeCosta, Henry Phelps Johnston, Martha Joanna Lamb, Nathan Gillett Pond, 1884 *Journal of Biblical Literature*, 1890 **Idaho Panhandle National Forests (N.F.), Bussel 484**, 2008 **The Eclectic Magazine of Foreign Literature, Science, and Art**, 1892 Designing the City of Reason Ali Madanipour, 2007-04-11 With a practical approach to theory Designing the City of Reason offers new perspectives on how differing belief systems and philosophical approaches impact on city design and development exploring how this has changed before during and after the impact of modernism in all its rationalism Looking at the connections between abstract ideas and material realities this book provides a social and historical account of ideas which have emerged out of the particular concerns and cultural contexts and which inform the ways we live By considering the changing foundations for belief and action and their impact on urban form it follows the history and development of city design in close conjunction with the growth of rationalist philosophy Building on these foundations it goes on to focus on the implications of this for urban development exploring how public infrastructures of meaning are constructed and articulated through the dimensions of time space meaning value and action With its wide ranging subject matter and distinctive blend of theory and practice this book furthers the scope and range of urban design by asking new questions about the cities we live in and the values and symbols which we assign to them **The Metaphysic of Experience: Containing book III., chapter VI. and last, The foundations of ethic. And book IV, The real universe** Shadworth Hollway Hodgson, 1898 The New Thought Companion, 1914 **Between Gemeinschaft and Gesellschaft** Noah William Isenberg, 1995 The Works of Aristotle Aristotle, 1930 Literary: Goethe and his influence. Wordsworth and his genius. Shelley's poetical mysticism. Mr. Browning. The poetry of the Old Testament. Arthur Hugh Clough. The poetry of Matthew Arnold Tennyson. Nathaniel Hawthorne Richard Holt Hutton, 1880 **French Odysseys** Olga Augustinos, 1994 In French Odysseys Olga Augustinos offers a comprehensive treatment of French travel literature about Greece from the mid 16th century arrival of the first French travellers to the outbreak of the Greek Revolution in 1821 The result not only provides a composite portrait of Greece over two and a half centuries but also offers a revealing look at the evolving values and perceptual framework of the travellers themselves
