Christ The Center:

Christ the Center Tomas Bokedal,2023-08-23 This present volume on canonical shaping and the interconnectedness of scriptural canon Rule of Faith and nomina sacra highlights Christ and the divine name as the textual and theological center
Preface *Christ the Center* George A. F. Knight,1999 Modern theology like Western civilization itself has been profoundly shaped by Greek philosophy Yet our Platonic heritage while beneficial on many levels in fact promotes a dualistic outlook that is harmful to a correct understanding of Jesus In this engaging study George A F Knight draws primarily from the riches of the Hebraic tradition demonstrating how this nondualistic strand in our heritage supplies us with the best means for understanding the true nature of the incarnation Knight begins by exploring the Hebrew worldview especially as revealed in the Talmud showing that the Jewish mind depended wholly on an awareness of unity not only of God but also of his creation This discussion leads naturally into a deeper examination of the being of God using the Hebraic concept of unity to describe the fullness of the divine being expressed as Trinity This early work then serves as the foundation for highlighting the centrality of Christ s incarnation for properly understanding God salvation and the role of the church in today s world Informed by Knight s expert knowledge of the Biblical Hebrew and acutely aware of the historical dialogue between philosophy and theology this volume helps correct common yet misguided perspectives on Christology by arguing convincingly that the meaning of the incarnation is found in the Old Testament [Christ the Center](#) Louis F. the Christ are in every thing Whether read daily for the season of Lent or explored over the course of a year Every Thing Is Sacred is a hope filled journey into the love at the heart of all things *The Center is Jesus Christ Himself* Cardinal Timothy M. Dolan, Bishop James Massa, 2021-04-02 The polarization in the Church today can be traced back to a more fundamental crisis in theology one which has failed to connect our mundane experiences and the mysteries of the Christian faith with the person of Jesus Christ Ecclesial discourse on the so called hot button issues of the day too often take place without considering the foundation and goal of the Church And this is unfortunately due to a similar tendency in the academic theology that informs that ecclesial discourse In short much of post conciliar Catholic theology is adrift floating aimlessly away from the center of the Christian faith who is Christ The Center is Jesus Christ Himself is a collection of essays which anchor theological reflection in Jesus Christ These diverse essays share a unified focal point but engage with a variety of theological subdisciplines e g dogmatic moral Biblical etc areas e g Christology Pneumatology missiology etc and periods e g patristic medieval and modern Given the different combinations of sub disciplines areas and periods theology is susceptible to fragmentation when it is not held together by some principle of unity A theology in which the person of Jesus Christ serves as that principle of unity is a Christocentric theology Together the essays illustrate not only what Christocentric theology looks like but also what the consequences are when Christ is dislodged from the center whether by a conspicuous silence on or by a relativization of his unique salvific mission The volume is published in honor of Emeritus Professor of Systematic Theology at Boston College Rev Dr Robert P Imbelli who dedicated his teaching and writing to bringing Christ back to the center of Catholic theological discourse
