## **Diarists Journal:**

*Gender and the Journal* Associate Professor of English and Director of Core Writing Cinthia Gannett, Cinthia Gannett, 1992-01-01 This book explores the gendered historical and social contexts and discursive traditions that have characterized journals and diaries in academic discourse The tension between the term journal which has a variety of positive public and scholarly connotations and the term diary which is currently understood as a feminized trivial and confessional kind of writing inappropriate for school is a critical part of the problem This book uses the developing and shifting notions of diary and journal to explore several critical questions about the larger relations between gender language canonicity and academic discourse Lancashire Diarists John Joseph Bagley, 1975 **The Diary** Batsheva Ben-Amos, Dan Ben-Amos, 2020-03-10 The diary as a genre is found in all literate societies and these autobiographical accounts are written by persons of all ranks and positions The Diary offers an exploration of the form in its social historical and cultural literary contexts with its own distinctive features poetics and rhetoric The contributors to this volume examine theories and interpretations relating to writing and studying diaries the formation of diary canons in the United Kingdom France United States and Brazil and the ways in which handwritten diaries are transformed through processes of publication and digitization The authors also explore different diary formats including the travel diary the private diary conflict diaries written during periods of crisis and the diaries of the digital era such as blogs The Diary offers a comprehensive overview of the genre synthesizing decades of interdisciplinary study to enrich our understanding of research about and engagement with the diary as literary form and historical documentation **Chambers's Journal of Popular Literature, Science and Arts**, 1909 *Chambers's Journal*, 1909 Journal of the Royal United Service Institution Royal United Services Institute for Defence Studies, 1908 *The Accidental Diarist* Molly A. McCarthy, 2013-07-03 In this era of tweets and blogs it is easy to assume that the self obsessive recording of daily minutiae is a recent phenomenon But Americans have been navel gazing since nearly the beginning of the republic The daily planner variously called the daily diary commercial diary and portable account book first emerged in colonial times as a means of telling time tracking finances locating the nearest inn and even planning for the coming winter They were carried by everyone from George Washington to the soldiers who fought the Civil War And by the twentieth century this document had become ubiquitous in the American home as a way of recording a great deal more than simple accounts In this appealing history of the daily act of self reckoning Molly McCarthy explores just how vital these unassuming and easily overlooked stationery staples are to those who use them From their origins in almanacs and blank books through the nineteenth century and on to the enduring legacy of written introspection McCarthy has penned an exquisite biography of an almost ubiquitous document that has borne witness to American lives in all of their complexity and mundanity **The New Media and Cybercultures Anthology** Pramod K. Nayar, 2010-05-03 Moving beyond traditional cyberculture studies paradigms in several key ways this comprehensive collection marks the increasing

convergence of cyberculture with other forms of media and with all aspects of our lives in a digitized world Includes essential readings for both the student and scholar of a diverse range of fields including new and digital media internet studies digital arts and culture studies network culture studies and the information society Incorporates essays by both new and established scholars of digital cultures including Andy Miah Eugene Thacker Lisa Nakamura Chris Hables Gray Sonia Livingstone and Espen Aarseth Created explicitly for the undergraduate student with comprehensive introductions to each section that outline the main ideas of each essay Explores the many facets of cyberculture and includes sections on race politics gender theory gaming and space The perfect companion to Nayar s Introduction to New Media and Cyberculture The Journal Book Toby Fulwiler,1987 In this book journals are seen in every situation and from every angle as if mounted on a slow turntable under a spotlight The conclusion of most of the teachers and students using them is that they get people thinking they help them test their own experience against the ideas of many others the authorities they re studying their teachers their fellow students The payoffs from using journals in classrooms are here shown to be astounding Students learn from making mistakes and half forming ideas They learn to think not by doing exercises in a faddish critical thinking textbook but by working their way through real questions with real interest and real intent Back cover Publications ,1886 *The Saturday Review of Politics, Literature, Science, Art, and Finance* ,1916 *Booksellers, Stationers and Fancy Goods Journal of Australia and New Zealand* ,1930 *Pitman's Journal of Commercial Education* ,1903 **The Saturday Review of Politics, Literature, Science and Art** ,1916 **Journal of the Royal United Service Institution, Whitehall Yard** ,1908
